Why choose health insurance?

Nothing matters more than your health. So fast and accessible healthcare will give you the reassurance of knowing your family is protected.

What is it?

Health insurance is an insurance policy that covers the cost of healthcare, from diagnosis to treatment.

A monthly or annual premium covers all or some of the cost of treatment for acute conditions that develop after your policy has begun. An acute condition is a disease, illness or injury that's likely to respond quickly to treatment to

restore your health back to how it was before.

Health insurance gives you quick access to specialist support and treatment. It can provide diagnosis of underlying conditions, and puts you in control of your health.

Without health insurance, how much will private treatment cost?

Prices vary depending on hospital and location, but these guide prices* give you an idea:

- Hip replacement – £14,110
- Prostate surgery – £7,260
- Back surgery – £9,055
- Knee replacement – £14,545

Getting the right policy

For greater reassurance, you need health insurance that's right for you. So before you go ahead, there are a few things to consider:

Pre-existing conditions

A pre-existing condition means any symptom or medical condition you had before your policy started. These aren't usually covered, unless you're switching from one health insurance scheme to another.

Your level of cover

There are two types of policy to choose from, with varying levels of cover. The level of cover you choose will affect how much you pay. A Comprehensive policy covers private diagnosis and treatment and is our highest level of cover. Treatment and Care covers private treatment but not the diagnosis of a condition, so costs less than Comprehensive cover.

How much excess?

The excess is the amount you pay towards your treatment when you make a claim. Excess is paid once per person per policy year. Choosing a policy with a higher excess will reduce your annual or monthly payments.

Do you need additional benefits?

You can choose a policy to cover things like physiotherapy or diagnostic tests, and choose a higher or an unlimited outpatient benefit allowance. An outpatient benefit allowance covers things like consultations and minor diagnostic tests. This includes X-rays, blood tests and ultrasounds, as well as conditions that are treated as an outpatient, such as physiotherapy.

Why choose Bupa health insurance?

Why choose Bupa?

Bupa is the UK's largest health insurance provider, so it's a choice you can trust. As a Bupa customer you'll benefit from:

- Fast access to medical care.
- The Anytime HealthLine for clear, simple and caring advice from a Bupa nurse, anytime of night or day.
- Cover for more mental health conditions than any other leading UK insurer,* because Bupa believe emotional wellbeing is as important as physical health.
- Dental care is included with our health insurance to help you stay on top of your oral health with check-ups and treatment.
- With Blua in the My Bupa app, your clients can book virtual appointments and arrange remote care with doctors, physios and therapists. Plus, they can create healthy habits with over 1,500 fitness classes and everyday wellbeing resources.
- Access to breakthrough medicines and treatments, often before they're available on the NHS.
- Rewards from brands you love, from fitness and nutrition to activities and days out.

Useful definitions

A chronic condition is a disease, illness or injury that has one or more of the following characteristics:

- It needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests.
- It needs ongoing or long-term control or relief of symptoms.
- It requires rehabilitation, or for you to be specifically trained to cope with it.
- It continues indefinitely.
- It has no known cure.
- It comes back or is likely to come back.

A pre-existing condition means any symptom or medical condition you had before your policy started.

Insurance intermediaries

The help you need, when you need it most

The benefits of using an insurance intermediary

Getting the right health insurance can be complicated. With a vast array of policies to choose from, some expert advice will make the whole process easier and less stressful.

An independent intermediary can help you evaluate your options, find the best policy to fit your needs, and save you time and money. They'll make sure you understand your cover in detail, and sort out the paperwork so your cover is up and running without delay.

Intermediaries can help you get the right cover quickly and easily.
