Information about the Directory of Hospitals	7
Cancer Care	7

## **Section Three - Directory of Hospitals**

Hospital list	8
---------------	---

## **SECTION ONE**

### **Introduction**

The Claims & Hospital Guide should be read in conjunction with your Policy Document which sets out the details of your health insurance plan and Benefit Schedule D which provides details of the benefits available under your chosen scheme. Please also refer to your Registration Certificate for details of the persons covered under the policy and any exclusions and/or voluntary excess /co-payments that apply. This certificate also forms part of your contract with the Society.

### **How To Make A Claim**

### **Important Note**

It is very important that you contact a Claims Adviser for Pre-Authorisation of any referrals for diagnosis or treatment to ensure that the medical condition AND treatment is eligible for benefit under your policy. Failure to do so may result in the claim being affected or declined.

## **Overseas Residents**

If you live outside the UK, we will only consider a claim if treatment takes place in the United Kingdom. Please refer to clause 24.33 in your Policy Document for more information.

## **SEEING THE GENERAL PRACTITIONER (GP)**

You must always begin the claiming process by first seeing a GP. If, in the GP's opinion you need to be referred for consultation, tests or treatment, you must show the GP a copy of our Claims & Hospital Guide to help choose the hospital that best meets your needs and to ensure the specialist has admitting rights at one of the hospitals listed and is included within your level of cover. Our Hospital Directory can be found on page 8.

You must obtain a referral from the GP before proceeding with private treatment. However, if you need to see an eye specialist (ophthalmic consultant) or need a referral for an inpatient dental procedure, your optician or dental practitioner should make the referral as relevant.

## **VERBAL AUTHORISATION**

You must then contact the Claims Helpline to arrange for pre-authorisation of the initial consultation, tests or treatment and to request your Claim Form. Our Claims Advisers can offer any advice you may require regarding your level of cover, personal exclusions, and benefits available under your policy. This must take place before any medical expenses have been incurred.

Once you have spoken to one of our Claims Advisers we will send you a Claim Form and pre-authorisation certificate for the initial consultation, tests or treatment.

Our Claims Advisers can be contacted between the hours of 8am and 6pm; Monday to Friday for pre-authorisation of the initial consultation, simple diagnostic tests and/or for any claims related query.

The **Claims Helpline** number is:  
**020 8410 0440<sup>^</sup>**

## **Who does my policy cover me to see?**

Any Specialist/Consultant who is registered with the General Medical Council (GMC)/General Dental Council (GDC) and on the specialist register with no current or previous conditions or investigations.

*<sup>^</sup> Calls to CS Healthcare will be recorded and may be monitored for training, quality assurance purposes and/or prevention and detection of crime.*

## Other Professionals

If you require the services of one of the practitioners listed below for an eligible condition in accordance with the policy terms and conditions:

- Surgical podiatrists
- Dietitians
- Occupational therapists
- Orthoptists
- Physiotherapists
- Radiographers
- Speech and Language therapists

You should contact the Health and Care Professions Council (HCPC) to find out about how to choose a properly trained and skilled professional. Please note that certain titles such as Physiotherapist, Chiropractor and Osteopath are protected by Acts of Parliament. If an individual is not registered with the relevant organisations listed, they may be practising illegally. If this is the case CS Healthcare will not pay the claim. We therefore encourage all members to check their therapist status before undertaking any treatment. For further guidance please contact the appropriate organisation or the Claims Helpline.

Contact the Health and Care Professions Council at:  
The Health and Care Professions Council  
Park House  
184 Kennington Park Road  
London  
SE11 4BU  
0300 500 6184

Web page: [www.hcpc-uk.co.uk](http://www.hcpc-uk.co.uk)

Your Policy also covers you for treatment by the following Practitioners:

### For Manipulative Therapies

A Chiropractor who is registered with the General Chiropractic Council (GCC). You can contact the GCC direct on 020 7713 5155 or [www.gcc-uk.org](http://www.gcc-uk.org).

An Osteopath who is registered with the General Osteopathic Council (GOC). You can contact the GOC on 020 7357 6655 or [www.osteopathy.org.uk](http://www.osteopathy.org.uk).

### For Complementary Therapies

An Acupuncturist who is registered with The British Acupuncture Council and holds a MBACC qualification. You can seek the advice of your GP in finding a therapist or contact The British Accupuncture Council on 020 8735 0400 or [www.acupuncture.org.uk](http://www.acupuncture.org.uk).

A Homeopath who is registered with either the Faculty of Homeopaths (part of the Homeopathic Association) or the Society of Homeopaths. The Faculty of Homeopaths can be contacted on 01582 408 675 or [www.britishhomeopathic.org](http://www.britishhomeopathic.org). The Society of Homeopaths can be contacted on 01604 817 809 or [www.homeopathy-soh.org](http://www.homeopathy-soh.org).

## **PRE-AUTHORISATION**

Before your appointment with the specialist or therapist, you will need to complete Section 1 of the Claim Form. Take the Claim Form along with you when you see the specialist for the first time so they can complete Section 2 and return it to the Claims Department immediately for either payment of the initial invoices and/or pre-authorisation of further treatment.

If you are making a claim within 12 months of joining, your General Practitioner will be required to submit a copy of the referral letter so that we can confirm if the condition is new or pre-existing. Your GP may charge you for this service for which you and not CS Healthcare will be responsible for paying. A pre-authorisation certificate will then be sent to you confirming the benefits available for the next stage of your treatment. This should always be presented to the hospital on admission, so they are aware of your level of cover. When we authorise your treatment we try to identify any problems that may arise and either resolve them or inform you of any costs above your level of cover.

If charges at the suggested hospital are likely to be higher than the benefit available to you under your policy, you can ask your Consultant whether treatment in another hospital would be possible. If not, you will have to decide whether to bear the additional cost yourself or, ask your GP to refer you to another Consultant based at a hospital in the directory.

Of course there are always instances when complications occur. Our dedicated team of Managed Care Advisers can help members make informed choices if alternative options for treatment are required.

## **HOSPITAL APPOINTMENTS**

One of the key benefits of your policy is knowing you can choose where to receive private treatment from a wide range of hospitals throughout the UK.

Please bear in mind when making your hospital appointment that you must select a hospital within the Hospital Directory section of this guide and one that is suitable for your chosen level of cover.

You may need to visit your chosen hospital as an out-patient for various diagnostic tests, for which we will give confirmation of cover. On receipt of a completed Claim Form we will have written to you providing details of the cover available under your policy for any in-patient admission required. This will act as confirmation to the hospital that your claim is eligible.

## **EMERGENCY ADMISSIONS**

Please note that under the terms and conditions of your policy, the Society does not pay for charges incurred as a result of an emergency admission as a private patient to an NHS or private hospital where critical care and/or emergency treatment may be required. Excluded is any treatment received in an NHS or private casualty unit or hospital. We can consider a transfer to private facilities when the Society accepts that the condition becomes stable. This must be done with the prior approval of the Society. Emergency/urgent domiciliary visits by a specialist consultant will also not be covered.

The Society asks that members call the Claims Helpline at the first available opportunity for admissions that take place out of office hours. If we are not informed of an admission we are unable to guarantee cover and if there is any doubt whether you are covered for an admission, we strongly recommend that you do not undertake private treatment until you have confirmed details with CS Healthcare.

## **NHS CASH ALLOWANCE**

You are entitled to claim NHS Cash Allowance for each eligible surgical or medical admission to hospital received free of charge under the care of the NHS. Please refer to Benefit Schedule D where you will find details of the amount you can claim.

If you are making a claim for NHS Cash Allowance under your policy, you will need to complete a Cash Allowance Claim Form. In addition please ask the hospital to stamp the form where indicated to confirm date of admission and discharge. Alternatively you can enclose a Med 10 certificate or hospital discharge letter as confirmation of the length of your hospital stay. You do not need to ask your GP to complete the form.

NB NHS Cash Allowance is payable only where no transfer or admission from or to private care takes place for the same admission.

## **CONSULTATIONS FOLLOWING DAY-PATIENT AND IN-PATIENT ADMISSIONS**

We do not cover routine follow-up consultations. However, any necessary follow-up consultations that take place within 90 days of your day-patient or in-patient admission will be settled if they have been pre-authorized, subject to the benefit available under your policy.

### **Important note**

We reserve the right to request additional information if the information received in the Claim Form is insufficient or unclear.

## **PAYMENT OF CLAIMS**

CS Healthcare will settle its share of treatment costs on your behalf. We will inform you in writing of the payment made and any outstanding amounts for you to pay. Any balance due will normally be in respect of a co-payment, an excess, or shortfall on an invoice.

Payment of accounts will only be settled with the provider on acceptance of a valid claim and receipt of a fully completed Claim Form.

Most hospitals will submit invoices directly; however, you may receive accounts from your specialist or other service provider. Please forward all such accounts to us, ensuring that they are the originals and we will settle them directly in accordance with the terms and conditions of your policy. It is recommended that you keep a copy of any account sent to you for your own records.

In the event that you are required to pay at the time of your treatment, you should send the receipted invoice to us and we will reimburse you accordingly.

## **SECTION TWO**

### **INFORMATION ABOUT THE DIRECTORY OF HOSPITALS**

#### **Which hospitals are available to you?**

The list of hospitals available to you in this guide include:

- Standard hospitals
- Premium hospitals

Standard hospitals can be used by both Standard and Premium members and includes a wide range of private and NHS hospitals from across the UK. There is also a selection of London hospitals that specialise in Cardiac and Neurology services. These hospitals have been selected because their charges do not normally exceed the benefit limits on the Standard policy.

Premium hospitals can only be used by Premium members. As well as being free to choose from the Standard list, Premium members have access to an expanded section which includes a more extensive list of London hospitals and some of the more expensive provincial hospitals. Whilst Premium members have enhanced benefits to cover the costs of more expensive London hospitals, some London hospitals' charges will remain outside the maximum benefits available as stated on your Schedule of Benefits.

#### **Important Note**

Hospitals that are not on the list may not be used unless prior agreement has been gained from CS Healthcare. Using a hospital not listed in the directory can result in you having to fund some of your care.

If you decide to receive treatment at a hospital which is not included in the level of cover you have selected or does not appear at all on the list we will write to you detailing the amount that we will pay towards your hospitalisation. If you wish to take this route, you can either organise a package price with the hospital, which may reduce the overall cost or obtain an estimate of the costs for your information. All costs must be agreed in writing by the Managed Care Team before treatment commences.

**CS Healthcare will only ever cover costs up to those rates we would have expected to pay at a private hospital in our directory offering the similar services and facilities.**

### **CANCER CARE**

Providing expert services in the area of Cancer Care is very important to CS Healthcare and by working with Healthcare at Home we are able to provide specialist cancer treatment like chemotherapy at home in conjunction with your supervising Consultant. Healthcare at Home guarantees high standards of care and regulation from the delivery of nursing care to the supply of drugs and treatment. Their team operates from locations throughout the UK and are available through our Standard & Premium Hospital list. For further information in making a cancer claim please call the Managed Care Team on 020 8410 0440^.
