Wordsearch

How many teeth related words can you find?

Bonus points for extra words :)
Brushing chart
Mark each circle every time you brush your teeth. You get one point for each brush. At the end of the month, count up how many points you have. If you have 56 points then you are a brushing champion!

Add up all of your points:
Less than 50 points = try better next month
More than 50 points = well done
56 points = brushing champion!
Surf’s up, dude!
Colour me in. What does your surf board look like?
