

15 September 2026

## Notification of changes to Bupa schedule of procedures

This bulletin aims to keep you up-to-date with any changes to procedure codes published in the Bupa Schedule of Procedures.

To ensure you are always viewing the latest version of the Schedule, please refer to the new online code search tool found at [codes.bupa.co.uk/procedures](https://codes.bupa.co.uk/procedures)

The new changes in the Schedule effective this month are shown below.

To help you ensure that you are using the current version, the Schedule is live and up-to-date if viewed via [codes.bupa.co.uk/procedures](https://codes.bupa.co.uk/procedures)

If you have any questions, please call Bupa Provider Services on **0345 755 33 33**. Lines are open 9am to 5pm, Monday to Friday. Calls may be recorded and may be monitored.

Thank you

Dr Tim Woodman  
Medical Director, Policy and Cancer Services, UKI

## Notice of changes to the Schedule

### 1) Narrative changes

| Code  | New Code narrative                                                                                                        | Effective Date | Comments                                                                                  |
|-------|---------------------------------------------------------------------------------------------------------------------------|----------------|-------------------------------------------------------------------------------------------|
| W0513 | Interpositional silastic arthroplasty of MCP and PIP joints – multiple digits                                             | 02/09/2026     | Old Narrative was -<br>Interpositional silastic arthroplasty of MCP/PIP joints - multiple |
| W0512 | Interpositional silastic arthroplasty of metacarpophalangeal (MCP) or proximal interphalangeal (PIP) joint – single digit | 02/09/2026     | Old Narrative was -<br>Interpositional silastic arthroplasty of MCP/PIP joint- single     |

### 2) Surgeon's category:

| Code  | Code narrative                                                | Effective Date | Comments                     |
|-------|---------------------------------------------------------------|----------------|------------------------------|
| T8722 | Selective dissection of cervical lymph nodes, Levels 1 to 4 I | 24/08/2026     | Change SCC from CMO1 to CMO2 |

|       |                                                                                                                                                  |            |                                          |
|-------|--------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------------------------------------|
| A0200 | Excision of lesion of tissue of brain                                                                                                            | 24/08/2026 | Change SCC from CMO4 to CMO5             |
| J5610 | Pancreatoduodenectomy and excision of surrounding tissue (Whipple's Procedure)                                                                   | 24/08/2026 | Change SCC from CMO5 to Cash Value £2500 |
| H0760 | Robotic Assisted Laparoscopic Right Hemicolectomy                                                                                                | 24/08/2026 | Change SCC from Major+5 to CMO1          |
| T2780 | Open Component Separation Technique (CST) repair for complex abdominal hernia with mesh                                                          | 24/08/2026 | Change SCC from CMO3 to CMO4             |
| H0750 | Laparoscopic right hemicolectomy +/- stoma                                                                                                       | 24/08/2026 | Change SCC from Major+5 to CMO1          |
| V4280 | Correction of adult degenerative or adult idiopathic scoliosis including decompression +/- fusion (including spinal cord monitoring)             | 24/08/2026 | Change SCC from CMO4 to CMO5             |
| V4160 | Posterior correction of degenerative adult kyphosis with instrumentation, +/-fusion (including spinal cord monitoring)                           | 24/08/2026 | Change SCC from CMO4 to CMO5             |
| B2999 | Reconstruction of breast using stacked deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - unilateral (2 flaps) | 24/08/2026 | Change SCC from Cash Value £3112 to      |

|       |                                                                                                                                                                     |            |                                                                     |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|---------------------------------------------------------------------|
|       |                                                                                                                                                                     |            | Cash Value<br>£6000                                                 |
| A3810 | Excision of lesion of meninges of brain                                                                                                                             | 24/08/2026 | Change<br>SCC from<br>CMO5 to<br>Cash Value<br>£2500                |
| M0283 | Robotic assisted nephrectomy - unilateral                                                                                                                           | 24/08/2026 | Change<br>SCC from<br>CMO1 to<br>CMO2                               |
| B2914 | Mastectomy followed by immediate Deep Inferior Epigastric Flap (DIEP) reconstruction - bilateral                                                                    | 24/08/2026 | Change<br>SCC from<br>Cash Value<br>£3795 to<br>Cash Value<br>£3985 |
| A2954 | Excision of acoustic neuroma (vestibular schwannoma) - tumours managed by combined oto-neurosurgical team irrespective of tumour size                               | 24/08/2026 | Change<br>SCC from<br>CMO5 to<br>Cash Value<br>£2500                |
| B2993 | Reconstruction of breast using stacked deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - bilateral (2 flaps per breast)          | 24/08/2026 | Change<br>SCC from<br>Cash Value<br>£3985 to<br>Cash Value<br>£7000 |
| B2992 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) with vascularised lymph node transfer (including delayed reconstruction) - bilateral | 24/08/2026 | SCC<br>changed<br>from Cash<br>Value<br>£5692.50<br>to Cash         |

|       |                                                                                                                                                        |            |                                                                         |
|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------|------------|-------------------------------------------------------------------------|
|       |                                                                                                                                                        |            | Value<br>£6000                                                          |
| B2918 | Mastectomy and immediate reconstruction of breast using fixed prosthesis and acellular dermal matrix (ADM) - unilateral                                | 24/08/2026 | SCC<br>changed<br>from Major<br>4 to CMO1                               |
| B2996 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - bilateral (single flap per breast) | 24/08/2026 | Change<br>SCC from<br>Cash Value<br>£3985 to<br>Cash Value<br>£6500     |
| M0303 | Robotic assisted partial nephrectomy – unilateral                                                                                                      | 24/08/2026 | Change<br>SCC from<br>CMO1 to<br>CMO2                                   |
| V4100 | Posterior correction of idiopathic juvenile scoliosis with instrumentation, +/-fusion (including spinal cord monitoring)                               | 24/08/2026 | Change<br>SCC from<br>CMO5 to<br>Cash Value<br>£2500                    |
| B2986 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - unilateral (single flap)           | 24/08/2026 | Change<br>SCC from<br>Cash Value<br>£3112 to<br>Cash Value<br>£5000     |
| B3810 | Reconstruction of breast using SGAP (superior gluteal artery perforator) flap (including delayed reconstruction)                                       | 24/08/2026 | SCC<br>changed<br>from Cash<br>Value<br>£3112 to<br>Cash Value<br>£5500 |

|       |                                                                                                                                        |            |                                          |
|-------|----------------------------------------------------------------------------------------------------------------------------------------|------------|------------------------------------------|
| B2919 | Mastectomy and immediate reconstruction of breast using fixed prosthesis and acellular dermal matrix (ADM) - bilateral                 | 24/08/2026 | Change SCC from CMO1 to CMO3             |
| G2593 | Robotic assisted revision repair of hiatus hernia with anti-reflux procedure                                                           | 24/08/2026 | Change SCC from CMO2 to CMO4             |
| A2953 | Excision of acoustic neuroma (vestibular schwannoma) - tumours more than 2.5cm or compressing brain stem (performed by single surgeon) | 24/08/2026 | Change SCC from CMO5 to Cash Value £2500 |
| A2952 | Excision of acoustic neuroma (vestibular schwannoma) - tumours less than 2.5cm (performed by single surgeon)                           | 24/08/2026 | Change SCC from CMO5 to Cash Value £2500 |
| M5180 | Revision combined abdominal and vaginal operations to support outlet of female bladder (including sling procedures and cystoscopy)     | 24/08/2026 | Change SCC from Major 3 to Major+1       |
| T8513 | Robotic assisted selective dissection of cervical lymph nodes, Levels 1 to 5 (+/- 6)                                                   | 24/08/2026 | Change SCC from CMO1 to CMO2             |
| T8512 | Robotic assisted selective dissection of cervical lymph nodes, Levels 1 to 4                                                           | 24/08/2026 | Change SCC from CMO1 to CMO2             |
| M0285 | Robotic assisted nephrectomy - bilateral                                                                                               | 24/08/2026 | Change SCC from Major3 to CMO2           |

|       |                                                                                            |            |                                 |
|-------|--------------------------------------------------------------------------------------------|------------|---------------------------------|
| T8723 | Selective dissection of cervical lymph nodes, Levels 1 to 5 (+/-6)                         | 24/08/2026 | Change SCC from CMO1 to CMO2    |
| H1882 | Robotic assisted left hemicolectomy +/- stoma                                              | 24/08/2026 | Change SCC from Major+5 to CMO1 |
| T2783 | Open Component Separation Technique (CST) repair for complex abdominal hernia without mesh | 24/08/2026 | Change SCC from CMO3 to CMO4    |

### 3) **Anaesthetist's category:**

| Code  | Code narrative                                                                                                                       | Effective Date | Comments                           |
|-------|--------------------------------------------------------------------------------------------------------------------------------------|----------------|------------------------------------|
| T8722 | Selective dissection of cervical lymph nodes, Levels 1 to 4 I                                                                        | 24/08/2026     | Change ACC from Major+2 to CMO1    |
| A0200 | Excision of lesion of tissue of brain                                                                                                | 24/08/2026     | Change ACC from CMO3 to CMO4       |

| T2780 | Open Component Separation Technique (CST) repair for complex abdominal hernia with mesh                                              | 24/08/2026     | Change ACC from Major+5 to CMO3    |
| H0750 | Laparoscopic right hemicolectomy +/- stoma                                                                                           | 24/08/2026     | Change ACC form Major+2 to Major+5 |
| V4280 | Correction of adult degenerative or adult idiopathic scoliosis including decompression +/- fusion (including spinal cord monitoring) | 24/08/2026     | Change ACC from CMO3 to CMO4       |
| V4160 | Posterior correction of degenerative adult kyphosis with instrumentation, +/-fusion (including spinal cord monitoring)               | 24/08/2026     | Change ACC from CMO3 to CMO4       |

|       |                                                                                                                                                                     |            |                                          |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------------------------------------|
| B2999 | Reconstruction of breast using stacked deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - unilateral (2 flaps)                    | 24/08/2026 | Change ACC from CMO5 to Cash Value £1900 |
| A3810 | Excision of lesion of meninges of brain                                                                                                                             | 24/08/2026 | Change ACC from COM3 to CMO5             |
| M0283 | Robotic assisted nephrectomy - unilateral                                                                                                                           | 24/08/2026 | Change ACC from Major+5 to CMO1          |
| A2954 | Excision of acoustic neuroma (vestibular schwannoma) - tumours managed by combined oto-neurosurgical team irrespective of tumour size                               | 24/08/2026 | Change ACC from CMO4 to CMO5             |
| B2993 | Reconstruction of breast using stacked deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - bilateral (2 flaps per breast)          | 24/08/2026 | Change ACC from CMO5 to Cash Value £2000 |
| B2992 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) with vascularised lymph node transfer (including delayed reconstruction) - bilateral | 24/08/2026 | Change ACC from CMO5 to Cash Value £2850 |
| B2918 | Mastectomy and immediate reconstruction of breast using fixed prosthesis and acellular dermal matrix (ADM) - unilateral                                             | 24/08/2026 | Change ACC from Major4 to CMO1           |
| B2996 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - bilateral (single flap per breast)              | 24/08/2026 | Change ACC from CMO5 to Cash Value £2500 |
| M0303 | Robotic assisted partial nephrectomy – unilateral                                                                                                                   | 24/08/2026 | Change ACC from CMO1 to CMO2             |
| V4100 | Posterior correction of idiopathic juvenile scoliosis with instrumentation, +/-fusion (including spinal cord monitoring)                                            | 24/08/2026 | Change ACC from CMO2 to CMO5             |
| B2986 | Reconstruction of breast using deep inferior epigastric perforator flap (DIEP) (including delayed reconstruction) - unilateral (single flap)                        | 24/08/2026 | Change ACC from CMO5 to Cash Value £2000 |
| B3810 | Reconstruction of breast using SGAP (superior gluteal artery perforator) flap (including delayed reconstruction)                                                    | 24/08/2026 | Change ACC from CMO5 to Cash Value £2850 |
| G2594 | Robotic assisted revision of anti-reflux operation                                                                                                                  | 24/08/2026 | Change ACC from Major+4 to CMO2          |

|       |                                                                                                                                                     |            |                                          |
|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------------------------------------|
| B2919 | Mastectomy and immediate reconstruction of breast using fixed prosthesis and acellular dermal matrix (ADM) - bilateral                              | 24/08/2026 | Change ACC from CMO1 to CMO3             |
| V2652 | Revision posterior fusion +/- instrumentation (lumbar region) including spinal cord monitoring                                                      | 24/08/2026 | Change ACC from Major+3 to Major+5       |
| G2593 | Robotic assisted revision repair of hiatus hernia with anti-reflux procedure                                                                        | 24/08/2026 | Change ACC from CMO2 to CMO4             |
| A2953 | Excision of acoustic neuroma (vestibular schwannoma) - tumours more than 2.5cm or compressing brain stem (performed by single surgeon)              | 24/08/2026 | Change ACC from CMO4 to CMO5             |
| V2680 | Revision anterior discectomy, decompression and anterior fusion +/- instrumentation (lumbar region) including spinal cord monitoring                | 24/08/2026 | Change ACC from Major+3 to CMO1          |
| A2952 | Excision of acoustic neuroma (vestibular schwannoma) - tumours less than 2.5cm (performed by single surgeon)                                        | 24/08/2026 | Change ACC from CMO4 to CMO5             |
| W7481 | Autograft posterior cruciate ligament reconstruction +/- meniscectomy                                                                               | 24/08/2026 | Change ACC from Major+3 to Major+5       |
| J5611 | Laparoscopic pancreatoduodenectomy and excision of surrounding tissue (Whipple's procedure)                                                         | 24/08/2026 | Change ACC from CMO2 to Cash Value £1700 |
| M5180 | Revision combined abdominal and vaginal operations to support outlet of female bladder (including sling procedures and cystoscopy)                  | 24/08/2026 | Change ACC from Major5 to Major+1        |
| T8513 | Robotic assisted selective dissection of cervical lymph nodes, Levels 1 to 5 (+/- 6)                                                                | 24/08/2026 | Change ACC from Major+2 to CMO1          |
| V3340 | Primary anterior discectomy, decompression and anterior fusion +/- instrumentation - lumbar region (1 or 2 levels) including spinal cord monitoring | 24/08/2026 | Change ACC from Major+3 to Major+5       |
| W4930 | Revisional shoulder hemiarthroplasty                                                                                                                | 24/08/2026 | Change ACC from Major3 to Major+4        |
| T8512 | Robotic assisted selective dissection of cervical lymph nodes, Levels 1 to 4                                                                        | 24/08/2026 | Change ACC from Major+2 to CMO1          |
| J5612 | Robotic assisted pancreatoduodenectomy and excision of surrounding tissue (Whipple's procedure)                                                     | 24/08/2026 | Change ACC from CMO2 to Cash Value £1700 |
| M0285 | Robotic assisted nephrectomy – bilateral                                                                                                            | 24/08/2026 | Change ACC from Major+3 to CMO1          |

|       |                                                                                                                   |            |                                    |
|-------|-------------------------------------------------------------------------------------------------------------------|------------|------------------------------------|
| T8723 | Selective dissection of cervical lymph nodes, Levels 1 to 5 (+/-6)                                                | 24/08/2026 | Change ACC from Major+2 to CMO1    |
| H1882 | Robotic assisted left hemicolectomy +/- stoma                                                                     | 24/08/2026 | Change ACC from Major+2 to Major+5 |
| T2783 | Open Component Separation Technique (CST) repair for complex abdominal hernia without mesh                        | 24/08/2026 | Change ACC from Major+5 to CMO3    |
| T1030 | Video-assisted thoracoscopic surgery (VATS) assisted pleurodesis / pleurectomy                                    | 01/09/2026 | Change ACC from Major+2 to Major+4 |
| L1940 | Open infrarenal abdominal aortic aneurysm tube graft                                                              | 02/09/2026 | Change ACC from CMO1 to CMO3       |
| L2720 | Endovascular aneurysm repair (EVAR) of suprarenal aorta, with insertion of fenestrated graft (up to two orifices) | 02/09/2026 | Change ACC from Major+5 to CMO4    |

**4) Hospital category:**

No changes this month.

**5) Footnote changes:**

No changes this month

**6) Follow-up consultation fee charge allowed on same day as procedure charge:**

No changes this month.

**7) IV sedation or IV regional anaesthesia charge allowed alongside procedure charge:**

No changes this month.

**8) Ophthalmic local anaesthesia charge allowed alongside procedure charge:**

No changes this month.

**9) IC level 2 or 3 changes and LOS changes**

No changes this month

**10) Essential notes to the Schedule**

No changes this month.

**11) Sub-chapter change (to align with CCSD Schedule):**

No changes this month.

**12) New codes:**

No changes this month

**Error Corrections**

No changes this month.

**13) Code deactivations (as per CCSD Schedule changes):**

No changes this month

**14) CCSD coding principles ('unbundling') additions**

No changes this month

**15) CCSD coding principles ('unbundling') removals**

No changes this month.

Please refer to the CCSD website at: [www.ccsd.org.uk](http://www.ccsd.org.uk) for a full list of the Coding Principles.
