# Make short work of seeing a GP.

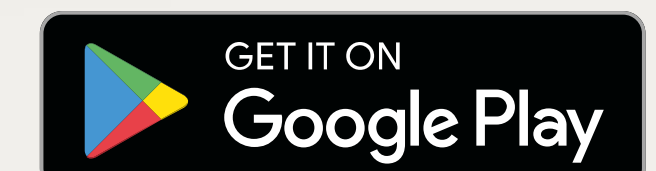

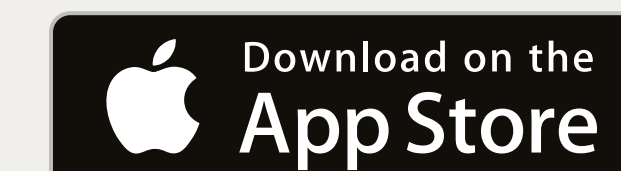

- Talk to a GP, mental health nurse, physio or pharmacist 24/7, day or night. Appointments are unlimited, and they're available within 24 hours.
- Check your symptoms quickly and easily, wherever you are.
- The app features COVID-19 Care Assistant, which has the ability to recognise what might be COVID-19 symptoms and suggest possible next steps.
- Get your prescription delivered to your door the next day, or if you need it sooner, you can collect from a pharmacy, usually within the hour.<sup>†</sup>
- Add children and partners to take care of your entire family's health, if they are on the policy.
