Bigger and better benefits for 2025

+ No cap on visits

We've removed the cap on routine exams and scale and polishes. This means employees can see their dentist and claim for their treatment as often as they need to.

+ A better app experience

It's easier than ever for them to manage their cover in My Bupa. Employees can now see at a glance how much they can claim before their policy renews. They can also send their claims via the app too.

What else have we been doing?

We've changed our terms. We now:

- ✓ cover anti-snoring devices
- ✓ replace implants, bridges and dentures if they fail
- ✓ extend continuity of cover for a dental injury
- ✓ cover from 16 years old

We've removed our hospital stay cash benefit

We found customers weren't staying overnight for dental treatment. This change means we can prioritise other benefits to better support our customers.
