Schedule one. The services and the specifications.

**Flu and/or Covid onsite vaccination programme**

Bupa will deliver a flu and/or covid vaccination programme at the client’s premises and use reasonable endeavours to provide the number of vaccines, as specified in your booking form.

Bupa will arrange for a specially trained nurse or trained healthcare worker to administer up to 15 vaccinations an hour on a date agreed by both parties. Alternatively eligible employees may receive a flu and or covid vaccination at a participating pharmacy store if this is indicated on the booking form.

If indicated on the booking form, Bupa will administer bookings for the client on the online booking system. The client must provide Bupa with all the information required to set this up, including but not limited to site contact details, management information details (if required), and of extra vaccines required. The client will be provided with a unique URL which can be used by eligible employees to book their appointment. This system is a generic system and cannot be adapted to meet individual client needs except for variable fields.

Clinics are either half a day (3.5 hours) or full days (7 hours). Depending on the clinic requested (see schedule two), up to 52 flu, 35 covid or 26 combined flu and covid vaccinations can be administered on a half day, and up to 104 flu, 70 covid or 52 combined flu and covid vaccinations can be administered on a full day per nurse (or trained healthcare worker). In half a day the nurse (or trained healthcare worker) must have a 15-minute break and in a full day the nurse (or trained healthcare worker) must have 2 x 15-minute breaks plus a 30-minute lunch. These must be factored in when scheduling appointments.

Nurses (or trained healthcare workers) must have access to refreshments (tea, coffee and water) throughout the day when needed, and must be made aware of the nearest toilet facilities and fire evacuation procedure.

Additionally, consideration should be given to the following:

- the client will ensure that client premises meet the requirements set out in Section 4 of the booking form.
- it is the responsibility of the client to read the documents on the ‘online client toolkit’. Bupa will send the URL to the online client toolkit on confirmation of the booking. The client must ensure that they are fully prepared for the day. This includes printing off enough copies of all the necessary documents in advance of the day for the nurse (or trained healthcare worker) including the following:
  - consent forms
  - flu and/or Covid vaccination precautions
  - post vaccination medical advice
  - FAQs

**E-Vouchers for use at a participating pharmacy**

Bupa will use reasonable endeavours to provide the number of e-vouchers (for flu vaccinations only) indicated in Section 4 of the booking form which the client will distribute to eligible employees. Bupa will also supply an information leaflet which the client can copy and distribute as well if required. Bupa will charge for the number of e-vouchers requested and no refund will be available except where there is no supply of vaccination across the entire pharmacy network. E-vouchers cannot be used for covid vaccinations.

Bupa can provide an e-voucher service, via the Bupa website. The client must provide Bupa with all the information required to set up an account. The client will be provided with a URL, which can be used by eligible employees to order their e-voucher direct to their chosen email address. This system is a generic system and cannot be adapted to meet individual client needs except for variable fields.

The website may be accessed by your eligible employees up until 31st December 2024, following which no further e-vouchers will be able to be ordered. E-vouchers ordered on the website may be used until 28th February 2025.

Eligible employees are recommended to book appointments with their local participating pharmacy store as vaccinations are available on a first come first served basis. There are approximately 800+ stores participating in the programme across England and Wales.

Eligible employees can find out participating stores by accessing the store locator link, which is provided when e-vouchers are purchased.

There may be circumstances beyond the reasonable control of Bupa which may prevent or delay the delivery of the vaccination programme. Bupa does not guarantee the provision of vaccines nor is it responsible for an employee’s failure to attend a clinic or redeem a flu and e-voucher.

The services offered will be subject to review each year.

If any dispute arises in connection with this Agreement, the Client’s manager and Bupa account manager shall within 21 Business Days of written request from one party to the other meet in a good faith effort to resolve the dispute.

17.2 If the dispute is not resolved at that meeting or after further escalation then the parties will attempt to settle it by mediation in accordance with the CEDR Model Mediation Procedure. The waiver by either party of any breach of this Agreement shall not prevent the enforcement of any subsequent breach of that provision and shall not be deemed to be a waiver of any subsequent breach of that or any other provision.

19.6 If at any time any part of this Agreement (including any one or more of the clauses of this Agreement or any sub-clause or paragraph or any part of one or more of these clauses) is held to be or becomes void or otherwise unenforceable for any reason under any applicable law, it shall be deemed omitted from this Agreement and the validity and/or enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired as a result of that omission.
