Find your team’s healthy, quicker.

Consultant and Facilities Finder.
The right support, first time.

Receiving the most appropriate treatment used to feel like a game of chance.

That’s why we created Finder. With Finder, your team can access the right support to help get them back to their best quicker.

It’s a super-simple search tool that puts all Bupa-recognised consultants, therapists and facilities together in one place. So employees can make informed decisions about where to go and who to see for their treatment.

Employees can use Finder to:

- Search for a Bupa-recognised consultant, hospital, dental clinic or healthcare service. Either by name, postcode or specialty.
- View a specialist’s location, experience, qualifications and contact information.
- Choose from over 22,000 consultants and 1,228 facilities, as well as 480 Bupa-owned dental practices across the UK (correct as of January 2022).
- See which consultants are fee assured. This means they’ll charge within our benefit limits for eligible treatment, so there won’t be any unexpected bills.
