About this guide

Welcome to your Bupa Select membership guide

At Bupa, we know that insurance can be hard to follow. That’s why we have made this guide as simple as possible. You will find individual chapters that deal with each aspect of your Bupa cover, including a step-by-step guide to making a claim.

Please make sure that you keep this guide somewhere safe. You will need it when you come to claim.

If any of the terms or language used leave you confused – don’t worry, we have also included a glossary featuring clear definitions of words that are in bold italic in the text.

How do I know what I’m covered for?
The precise details of the cover you have chosen are listed on your membership certificate. Please read this membership guide together with your membership certificate and any confirmation of special conditions, as together they set out full details of how your health insurance works. We will send a confirmation of special conditions for anyone to whom a special condition applies.

How does the membership guide work with my membership certificate?
Your membership certificate explains the benefits available to you and also provides the benefit note numbers that correspond to the benefit notes in the ‘Benefits’ section of the membership guide (where you will find a more detailed explanation of the benefits in your individual policy).

Your rules and benefits

Effective from 1 January 2023

These are the rules and benefits of Bupa Select
They apply to members of the scheme whose ‘Group contract start date’, as stated in the Group details section of their membership certificate, is on or after the ‘Effective from’ date.

Words and phrases in bold italic in this membership guide are defined terms which have a specific meaning. You should check their meaning in the glossary.

Important note
Please read this note before you read the rest of this membership guide as it explains how this membership guide, your membership certificate and any confirmation of special conditions work together. We will send a confirmation of special conditions for anyone to whom a special condition applies. Together, these are your membership documents and set out full details of your benefits. They should not be read as separate documents.

This membership guide is a generic guide. It contains the general membership terms that apply to all Bupa Select members. It also contains all the elements of cover that can be provided under Bupa Select. You may not have all the cover set out in this membership guide. It is your membership certificate that shows the cover that is specific to your benefits. Any elements of cover in this membership guide that are either:
- shown on your membership certificate as ‘not covered’, or
- do not appear on your membership certificate
you are not covered for, and you should therefore ignore them when reading this membership guide.

The ‘Further details’ section of your membership certificate: Your membership certificate could also show some changes to the terms of cover set out in this membership guide particularly in the ‘Further details’ section.

When reading this membership guide and your membership certificate, it is your membership certificate which is personal to you. This means that if your membership certificate contradicts this membership guide it is your membership certificate that will take priority.

Always call the helpline if you are unsure of your cover.
How your membership works

The agreement between the sponsor and us

Your cover is provided under a group insurance policy governed by the agreement and the terms and conditions of your membership have been agreed between your sponsor and Bupa. There is no legal contract between you and us for your cover under the agreement. Only the sponsor and Bupa have legal rights under the agreement. However:

- if you are a contributing member you will have legal rights as set out in this membership guide. Please see the section ‘Contributing members’
- if you are not a contributing member we allow you access to the claims and complaints processes as set out in this membership guide.

The documents that set out your cover

The following documents set out the details of the cover we will provide for you under the agreement. These documents must be read together as a whole, they should not be read as separate documents.

- The Bupa Select membership guide: this sets out the general terms and conditions of membership (including exclusions) and all the elements of cover that can be provided under Bupa Select.
- Your membership certificate: this shows the cover that is specific to your benefits, including the underwriting method applied, the limits that apply, any variations to the benefits, terms or conditions explained in this membership guide and whether an excess applies to your cover and if it does, the amount and how it applies.
- Confirmation of special conditions: we will send a confirmation of special conditions for anyone to whom a special condition applies.

Payment of benefits

We only pay benefits for treatment you receive while you are covered under the agreement and we only pay benefits in accordance with the cover that applies to you on the date the treatment takes place. We do not pay for any treatment, including any treatment we have pre-authorised, that takes place on or after the date your cover ends.

When you receive private medical treatment you have a contract with the providers of your treatment. You are responsible for the costs you incur in having private treatment. However, if your treatment is eligible treatment we pay the costs that are covered under your benefits. Any costs, including eligible treatment costs, that are not covered under your benefits are your sole responsibility. The provider might, for example, be a consultant, a recognised facility or both. Sometimes one provider may have arrangements with other providers involved in your care and, therefore, be entitled to receive all the costs associated with your treatment. For example a recognised facility may charge for recognised facility charges, consultants’ fees and diagnostic tests all together.
Other than in relation to the reimbursement of eligible treatment costs, there is no contract between you and us in respect of any private medical treatment or any other clinical services that you receive under your policy. We are not the provider of these things and this means that we are not responsible for the delivery of your private medical treatment or other clinical services.

In many cases we have arrangements with providers about how much they charge our members for treatment and how we pay them. For treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment directly – such as the recognised facility or consultant – or whichever other person or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to the main member or dependant having treatment (when aged 16 and over) when there is an amount for them to pay in relation to any claim (for example if they have an excess amount to pay) and who payment should be made to.

Please also see the section ‘Claiming’.

When your membership starts, renews and ends

Starting membership
Your membership under the agreement must be confirmed by the sponsor.

Your cover starts on your cover start date.

Your dependants’ cover starts on their cover start date. Your cover start date and your dependants’ cover start date(s) may not be the same.

Cover for a newborn baby
You may apply to include your newborn baby under your membership as one of your dependants free of charge until your first renewal date after their birth.

If your baby’s membership would be as:

- an underwritten member, we will not apply any special conditions to the baby’s cover
- a moratorium member, we will not apply the exclusion for moratorium conditions to the baby’s cover – see Exclusion 33 in the section ‘What is not covered’

but only if both the following apply:

- you and/or your partner have been covered under the scheme (and if applicable a previous scheme) for at least 12 continuous months before the baby’s birth and
- you include your baby under your membership within three months of the baby’s birth.

In which case if we agree to cover your baby it will be from their date of birth or your cover start date if their date of birth is before your cover start date.

Renewal of your membership
The renewal of your membership is subject to the sponsor renewing your membership under the agreement.

If you are a contributing member please see the section ‘Contributing members’.

How membership can end
You or the sponsor can end your membership or the membership of any of your dependants at any time.
If you want to end your membership or that of any of your dependants you must write to us. If your membership ends the membership of all your dependants will also end.

If you are a contributing member please see the section ‘Contributing members’.

Your membership and that of your dependants will automatically end if:
- the agreement is terminated
- the terms of the agreement say that it must end
- the sponsor does not pay subscriptions or any other payment due under the agreement for you or any other person. If you are a contributing member please see the section ‘Contributing members’.
- you stop living in the UK (you must inform us if you stop living in the UK), or
- you die.

Your dependants’ membership will automatically end if:
- your membership ends
- the terms of the agreement say that it must end
- the sponsor does not renew the membership of that dependant
- that dependant stops living in the UK (you must inform us if that dependant stops living in the UK), or
- that dependant dies.

If there is reasonable evidence that you or a dependant did not take reasonable care in answering our questions (by this we mean giving false information or keeping necessary information from us) then if this was:
- intentional, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims
- careless, then depending on what we would have done if you or they had answered our questions correctly, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims (in which case you may need to repay any claims we have paid and if you are a contributing member we will return to the sponsor any subscriptions you have paid in respect of your or (if applicable) your dependant’s cover), change your or their cover, or we could reduce any claim payment.

When your membership or your dependants’ membership ends, we may be able to offer you or them continuation of membership on a Bupa personal policy as an ex-group scheme member depending upon how long you or they have been a Bupa group scheme member.
- If you or they are an underwritten member this would allow you or them to transfer without any additional special conditions
- If you or they are a moratorium member this would allow you or them to transfer without a change to the moratorium start date that applies to you or them under the Bupa group scheme

but only if, in each case, you or they transfer within three months of the date your or their cover under the Bupa group scheme ends without any break in your or their cover.

If you would like to consider this option please call 0800 600 500 to discuss it with us.

We may record or monitor our calls.
Paying subscriptions and other charges
The sponsor must pay to us subscriptions and any other payment due for your membership and that of every other person covered under the agreement. Child dependants are charged the applicable adult subscription from the first renewal date following their 24th birthday. Bupa Insurance Services Limited acts as our agent for arranging and administering your policy. Subscriptions are collected by Bupa Insurance Services Limited as our agent for the purpose of receiving, holding and refunding premiums and claims monies.

If you are a contributing member please see the section ‘Contributing members’.

Making changes

Changes to your membership
The terms and conditions of your membership, including your benefits, may be changed from time to time by agreement between the sponsor and us.

No other person is allowed to make or confirm any changes to your membership or your benefits on our behalf or decide not to enforce any of our rights. Equally, no change to your membership or your benefits will be valid unless it is specifically agreed between the sponsor and us and confirmed in writing.

If you are a contributing member please see the section ‘Contributing members’.

General information

Change of address
You should call or write to tell us if you change your address.

Correspondence and documents
Membership documents are sent to the main member. However, a confirmation of special conditions will be sent, for anyone to whom a special condition applies, to the main member or to the dependant when they are aged 16 or over.

All claims correspondence is sent to the main member, or to the dependant having the treatment when they are aged 16 and over.

Contributing members
This section only applies to contributing members.

The sponsor must pay to us subscriptions and any other payment due for your membership, and that of your dependants and every other person covered under the agreement. You contributing to the cost of subscriptions for you and/or any of your dependants does not in any way affect the contractual position set out in the section ‘The agreement between the sponsor and us’.

Contributions paid by you to the subscriptions the sponsor has paid for you (eg by payroll deduction) will be deemed to have been received by Bupa once they are received by your sponsor.

As soon as reasonably practicable you will be provided with the terms and conditions that will apply to your cover, and the sponsor will notify you of the contribution you will need to make to the cost of subscriptions from the cover start date for the next membership year.

If you do not want your cover (and therefore the cover for your dependants) or the individual cover for any of your dependants to renew at the renewal date you can notify your sponsor at any time in advance of the renewal date.

If you wish to end your membership (and therefore that of your dependants) the following terms apply:

- **You** may end your membership (and therefore the membership of your dependants) by informing the sponsor within 21 days of either:
  - the date you receive your terms and conditions (including your membership certificate) confirming your cover, or
  - your cover start date

  whichever is the later. During this 21 day period if you have not made any claims we will refund to the sponsor all of the subscriptions the sponsor has paid for you for that year.

  After this 21 day period you can end your membership (and therefore the membership of all your dependants) by informing the sponsor at any time during the year. In which case we will refund to the sponsor any subscriptions the sponsor has paid for you that relate to the period after your membership ends.

- **You** may end the membership of any dependant by informing the sponsor within 21 days of either:
  - the date you receive your terms and conditions (including your membership certificate) confirming the cover for that dependant, or
- the cover start date for that dependant whichever is the later. During this 21 day period if no claims have been made in respect of that dependant we will refund to the sponsor all of the subscriptions the sponsor has paid for you that relate to that dependant for that year.

After this 21 day period you can cancel a dependant’s membership by informing the sponsor at any time during the year. In which case we will refund to the sponsor any subscriptions the sponsor has paid for you in respect of that dependant for the period after their membership ends.

Your membership and that of your dependants will automatically end if the sponsor does not pay subscriptions or any other payment due under the agreement for you or any other person, however, we will continue to pay eligible claims for you and/or your dependant for the period for which you can provide evidence (eg on payslips) that you paid contributions to subscriptions to the sponsor.

Where we have refunded to the sponsor subscriptions paid for you or your dependants, you should contact the sponsor in order to obtain a refund of the contributions you made to those refunded subscriptions.

Changes to your membership
If:
- any changes to the terms and conditions of your membership, including your benefits, are agreed between the sponsor and us, or
- we change the procedure for making a claim

you will be informed before the change takes effect. If you do not accept any of the changes you can end your membership by informing the sponsor either:
- within 28 days of the date on which the change takes effect, or
- within 28 days of you being told about the change

whichever is later.

Demands and needs statement
The cover provided under membership of the scheme is generally suitable for someone who is looking to cover the cost of a range of health expenses. We have not provided you with any advice about your cover and how it meets your individual needs. Please read your membership certificate and this membership guide and any confirmation of special conditions we send for anyone to whom a special condition applies to make sure that the cover meets your needs (including the needs of anyone else covered).
Claiming

Step-by-step guide to making a claim

Being referred for treatment
Your consultation or treatment must follow an initial referral by:
- our Direct Access service,
- a GP (including via a digital GP service), or
- another healthcare practitioner. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals

Step 1 Find out if the Direct Access service is available to you

It’s available for certain medical conditions and has two parts to it:
- first you can contact us directly without consulting a GP for a remote assessment with a trained advisor, therapist, mental health and wellbeing therapist or other clinician who specialises in your condition. This may lead to a referral for a consultation or treatment.
- second, if you already have a GP referral, you may also be offered the option to speak to a therapist, practitioner or other clinician who specialises in your condition to explore all of your treatment options.

For details about cover for the Direct Access service and how it works please see the Benefits section in this guide under the heading ‘Direct Access service’.

Step 2 If Direct Access is not available (or if you prefer) – consult a GP for an open referral

Sometimes, when you have had a consultation with another healthcare practitioner before consulting a GP and they believe referral to a consultant is appropriate, a GP appointment may not be clinically necessary. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals or you can call us.

Consult a GP, they will assess if you need to see a consultant. If they decide that you do, ask them for an ‘open referral’ (unless a paediatric referral is required – see ‘Information about cover for children’ in this Step 2). This allows us to offer you a choice of nearby recognised practitioners including consultants covered under your policy.

Some GPs may prefer to give a ‘named referral’ to a certain consultant, however you should call us before you make an appointment to confirm that we recognise them under your benefits, to avoid your being liable to pay.

When you call us we will:
- help you find a fee-assured consultant or recognised practitioner within your local area covered under your benefits, and
- confirm the benefits available to you under your cover.
Important note
Failure to obtain pre-authorisation from us means that you will be responsible for paying for all such treatment if we would not have pre-authorised that treatment.

Information about cover for children aged 17 or under
It is not always possible for us to find you a paediatric consultant so when a paediatric referral is required we ask that you obtain a named referral from a GP. Some private hospitals do not provide services for children or have restricted services available for children, so treatment may be offered at an NHS hospital. You can ask us about recognised facilities where paediatric services are available or you can find them on finder.bupa.co.uk

Where in-patient or day-patient eligible treatment is required, children are likely to be treated in a general children's ward. This is in line with good paediatric practice.

Step 3 Contact us
You can call the number on your membership certificate and we will talk you through your options. Alternatively, you can contact us via our webchat service or complete the online request for treatment form. We will explain which nearby consultants, facilities and healthcare professionals are covered under your Bupa membership and provide you with a pre-authorisation number so your healthcare provider can send the bill directly to us.

If your consultant recommends further tests or treatment, it is important you check back with us to obtain further pre-authorisation.

The ‘Six-week scheme’
The benefit table on your membership certificate shows whether this ‘Six-week scheme’ applies to you. If it applies to you, we do not pay for any treatment (including diagnostic procedures) that is to be carried out as a day-patient or in-patient if it is available under the NHS within six weeks of the date on which your consultant tells you that you need that treatment.

How it works
- If the NHS can offer you the treatment you need (including diagnostic procedures) as a day-patient or in-patient within six weeks of the date on which your consultant tells you that you need that treatment, we will not pay for your treatment privately.
- If the NHS cannot offer the treatment you need within those six weeks, we will pay for your eligible treatment privately.
- Each time you need eligible treatment as a day-patient or in-patient your consultant must confirm to us whether there is a wait of more than six weeks for you to have that treatment through the NHS.

Under Benefit CB1 we do not pay cash benefit for NHS in-patient treatment.

For example:
Jack is told on 1 July by his consultant that he needs to have an operation and finds that the NHS cannot perform the operation until 30 October at the earliest. As this timescale is outside the six-week period, and it is for eligible treatment, Jack can have his operation privately.

If the NHS had been able to schedule Jack’s operation before 12 August, under the Six-week scheme, he would have been treated by the NHS.
Claims checklist
What you will need to make a claim – to help us to make the claims process as simple and swift as possible, please have the following information close to hand when you contact us to make a claim:
- your Bupa membership number
- details of the condition you are suffering from
- details of when your symptoms first began
- details of when you first consulted a GP about your condition
- details of the treatment that has been recommended.

A Information on claiming

A1 Claims other than Cash benefits

If you are a moratorium member
As a moratorium member you are not covered for treatment of any moratorium conditions. Each time you make a claim you must provide us with information so we can confirm whether your proposed treatment is covered under your benefits.

Before you arrange any consultation or treatment call us and we will send you a pre-treatment form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for.

Your GP or consultant may charge you a fee for providing a report which we do not pay. Each claim you make while you are a moratorium member will be assessed on this information and any further information we ask you to provide to us at the time you claim.

Once we receive all the information we ask you for we will:
- confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities available to you
- confirm the level of benefits available to you, and
- tell you whether you will need to complete a claim form.

If you do not need to complete a claim form we will treat your submission of your pre-treatment form to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form you will need to return the fully completed pre-treatment form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.

If you are not a moratorium member
When you call us we will:
- confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities available to you
- confirm the level of benefits available to you, and
- tell you whether you will need to complete a claim form.
If you do not need to complete a claim form, we will treat your call to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form you will need to return the fully completed claim form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.

Case management
If we believe you are having eligible treatment that could benefit from our case management support we will provide a case manager to help you navigate through your healthcare experience. Your case manager will contact you by phone and will work with you to understand your individual needs and the best way to help you. This can include discussing options available to you, liaising with healthcare professionals and helping you get the most from your policy.

A2 Claims for Cash benefits
For benefits CB1 NHS cash benefit for NHS hospital in-patient treatment and CB6 cash benefit for treatment for cancer

If you are a moratorium member
Call the helpline and we will send you a form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for. Your GP or consultant may charge you a fee for providing a report which we do not pay. Each claim you make while you are a moratorium member will be assessed on this information and any further information we ask you to provide to us at the time you claim.

Once we receive all the information we ask you for we will:
- confirm whether your treatment will be eligible for cash benefit
- confirm the level of benefits available to you, and
- if required, send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible.

If you are not a moratorium member
Call the helpline to check whether your treatment will be eligible for cash benefit. We will confirm your benefits and, if required, send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible.

For benefits CB2 to CB5
Call the helpline to check your benefits. We will confirm your benefits and tell you whether you need to complete a claim form. You must send us either:
- your completed claim form if you need to complete one – in which case you will need to return your fully completed form to us as soon as possible and in any event within six months of receiving your treatment unless this was not reasonably possible
- or
if you do not need a claim form, a covering letter giving your name, address and membership number together with:

- for family cash benefit: a copy of your child’s birth or adoption certificate
- for other cash benefits: your original invoices and receipts.

A3 Claims for repatriation and evacuation assistance – does not apply to your cover

A4 Treatment needed because of someone else’s fault

When you claim for treatment you need because of an injury or medical condition that was caused by or was the fault of someone else (a ‘third party’) it is your responsibility to notify us as soon as reasonably possible and ensure our interests are protected in any legal action required so that we are able to recover any costs that we have paid for your treatment. This includes:

- notifying us as soon as you become aware that you require (or may require) treatment that was caused by or was otherwise the fault of a third party. You can contact us with this information on 0800 028 6850* or email infothirdparty@bupa.com*
- taking steps we ask of you to recover from the third party the cost of the treatment paid for by us. This includes ensuring that we are able to liaise with you and your legal representative (if you appoint one) in relation to this and that you or your legal representative regularly keep us updated as to progress with any recovery action.
- ensuring that where you agree settlement with a third party, the settlement includes the cost of treatment that we have paid for you in full, and that you pay such sum (and applicable interest) to us as soon as reasonably possible.

A5 Other insurance cover

You can only claim for eligible private medical costs once. This means that if you have two policies that provide private medical cover, the costs of your treatment may be split between Bupa and the other insurance company. You will be asked to provide us with full details of any other relevant insurance policy at the time of claim.

B How we will deal with your claim

B1 General information

When we have determined that your treatment is eligible treatment, we will discuss your claim with you and issue you with a ‘pre-authorisation number’ confirming the treatment is eligible under your current cover.

You can then contact your consultant or healthcare professional to arrange an appointment. We recommend that you give them your ‘pre-authorisation number’ so the invoice for your treatment costs can be sent to us direct.

*If you need to send us sensitive information you can email us securely using Egress. For more information and to sign up for a free Egress account, go to https://switch.egress.com. You will not be charged for sending secure emails to a Bupa email address using the Egress service.

*We may record or monitor our calls.
Please note: If your cover ends for any reason we will not pay for any treatment that takes place on or after the date your cover ends – even if we have pre-authorised the treatment.

Except for NHS cash benefit and Family cash benefit, we only pay eligible costs and expenses actually incurred by you for treatment you receive.

We do not have to pay a claim if you or a dependant break any of the terms and conditions of your or their membership, which are related to the claim. If there is reasonable evidence that you or a dependant did not take reasonable care in answering our questions (by this we mean giving false information or keeping necessary information from us) then if this was:

- intentional, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims
- careless, then depending on what we would have done if you or they had answered our questions correctly, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims (in which case you may need to repay any claims we have paid and if you are a contributing member we will return to the sponsor any subscriptions you have paid in respect of your or (if applicable) your dependant’s cover), change your or their cover, or we could reduce any claim payment.

Unless we tell you otherwise, your claim form and proof to support your claim must be sent to us.

We reserve the right to change the procedure for making a claim. If so, we will write and tell the sponsor about any changes. If you are a contributing member please see the section ‘Contributing members’.

B2 Providing us with information
You will need to provide us with information to help us assess your claim if we make a reasonable request for you to do so. For example, we may ask you for one or more of the following:

- medical reports and other information about the treatment for which you are claiming
- the results of any independent medical examination which we may ask you to undergo at our expense
- original accounts and invoices in connection with your claim (including any related to treatment costs covered by your excess – if any). We cannot accept photocopies of accounts or invoices or originals that have had alterations made to them.

If you do not provide us with any information we reasonably ask you for, we will be unable to assess your claim.

Medical reports – when we need more information from your doctor
When we need to ask your doctor for more information, in writing about your consultation, tests or treatment for insurance purposes, we will need your permission. The Access to Medical Reports Act 1988 or the Access to Personal Files and Medical Reports (NI) Order 1991 give you certain rights, which are:

1. you can give permission for your doctor to send us a medical report without asking to see it before they send it to us
2. you can give permission for your doctor to send us a medical report and ask to see it before they send it to us
   - you will have 21 days from the date we ask your doctor for your medical report to contact them and arrange to see it
   - if you do not contact your doctor within 21 days we will ask them to send the report straight to us
• you can ask your doctor to change the report if you think it is inaccurate or misleading. If they refuse, you can insist on adding your own comments to the report before they send it to us.
• once you have seen the report, it will not be sent to us unless you give your doctor permission to do so.

3. You can withhold your permission for your doctor to send us a medical report. If you do, we will be unable to see whether the consultation, test or treatment is covered by your policy, and we will not be able to give you a pre-authorisation number or confirm whether we can contribute to the costs.

In any event you also have the right to ask your doctor to let you see a copy of your medical report within six months of it being sent to us. Your doctor can withhold some or all the information in the report if, in their view, the information:
• might cause physical or mental harm to you or someone else, or
• it would reveal someone else’s identity without their permission (unless the person is a healthcare professional and the information is about your care provided by that person).

We may be able to pay towards the cost of a medical report. We will let you know when we ask for your permission to request the report from your doctor. If we can pay towards it, you will need to pay any remaining amount.

B3 How we pay your claim
Claims other than Cash benefits: for treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment direct – such as the treatment facility or consultant – or whichever other person or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to the main member or dependant having treatment (when aged 16 and over) when there is an amount for them to pay in relation to any claim (for example if they have an excess amount to pay) and who the payment should be made to (for example their consultant or treatment facility).

Claims for cash benefits: we pay eligible claims to the main member.

C If you want to withdraw a claim
If, for any reason, you wish to withdraw your claim for the costs of treatment you have received, you should call the helpline to tell us as soon as possible. You will be unable to withdraw your claim if we have already paid your claim.

If you do withdraw your claim you will be responsible for paying the costs of that treatment.

D Treatment costs outside the terms of your cover
When you receive private medical treatment you have a contract with the providers of your treatment. You are responsible for paying any costs that are not covered under your benefits.
E If you have an excess

The sponsor may have agreed with us that an excess shall apply to your benefits. Your membership certificate shows if one does apply and if so,
- the amount
- who it applies to
- what type of treatment it is applied to, and
- the period for which the excess will apply.

Some further details of how an excess works are set out below and should be read together with your membership certificate.

If you are unsure:
- whether an excess does apply to you, or
- how your excess works

please refer to your membership certificate or contact the helpline.

E1 How an excess works

Having an excess means that you have to pay part of any eligible treatment costs that would otherwise be paid by us up to the amount of your excess. By eligible treatment costs we mean costs that would have been payable under your benefits if you had not had an excess.

If your excess applies each year it starts at the beginning of each year even if your treatment is ongoing. So, your excess could apply twice to a single course of treatment if your treatment begins in one year and continues into the next year.

We will write to the main member or dependant having treatment (when aged 16 and over) to tell them who to pay their excess to, for example, their consultant, therapist or treatment facility. The excess must be paid direct to them – not to Bupa.

You should always make a claim for eligible treatment costs even if we will not pay the claim because of your excess. Otherwise the amount will not be counted towards your excess and you may lose out should you need to claim again.

E2 How the excess applies to your benefits

Unless we say otherwise on your membership certificate:
- we apply the excess to your claims in the order in which we process those claims
- when you claim for eligible treatment costs under a benefit that has a benefit limit your excess amount will count towards your total benefit limit for that benefit
- the excess does not apply to Cash benefits.
Excess example
The following is an example only. You should check your membership certificate to see how your excess applies to you and your benefits.

Example of how an annual fixed excess works: this is an example only and assumes that all costs are eligible treatment costs and:
- an excess of £50 a year
- an out-patient benefit limit of £500 a year.

| Example |
|---------------------------------|------|
| Out-patient benefit limit for the year | £500 |
| You incur costs for out-patient physiotherapy | £250 |
| We pay your therapist | £200 |
| We notify you of excess amount you pay direct to your therapist | £50 |
| Your remaining out-patient benefit limit for the rest of the year | £250 |
| Your remaining excess for the rest of the year | £0 |
Benefits

This section explains the type of charges we pay for eligible treatment subject to your medical condition, the type of treatment you need and your chosen medical practitioners and/or treatment facility all being eligible under your benefits.

Notes on benefits

The following notes apply equally to all the benefits and should be read together with those benefits.

Restrictions and/or limitations to benefits

Your cover may be limited or restricted through one or more of the following:

- If you are a moratorium member
- If you are an underwritten member: please note, if you and/or your dependants are an underwritten member, it is important that you complete and send us the application form for you and/or for your dependants if your membership certificate states that we require your medical history. Until you have completed this we will not be able to confirm exactly what your policy covers you and/or your dependants for, meaning your claims might take longer for us to process or you might not be eligible to claim for treatment you need

- Benefit limits: these are limits on the amounts we will pay and/or restrictions on the cover you have under your benefits. Your membership certificate shows the benefit limits and/or restrictions that apply to your benefits

- Excess: this is explained in rule E in the section ‘Claiming’. Your membership certificate shows if an excess applies to your benefits. If one does apply, your benefit limits shown on your membership certificate will be subject to your excess

- Exclusions that apply to your cover: the general exclusions are set out in the section ‘What is not covered’. Some exclusions also apply in this section and there may also be exclusions on your membership certificate and any confirmation of special conditions we send for anyone to whom a special condition applies.

Being referred for treatment

Your consultation or treatment must follow an initial referral by:

- our Direct Access service. For details about cover for Direct Access and how it works see the section ‘Direct Access service’
- a GP (including via a digital GP service), or
- another healthcare practitioner. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals

Direct Access service

Our Direct Access service applies only to certain medical conditions and has two parts to it:

- first, it can help provide a fast and convenient way for you to access eligible treatment without the need for a GP referral, and
second, if you already have a GP referral, you may also be offered the option to speak to a therapist, practitioner or other clinician who specialises in your condition to explore all of your treatment options.

Age limits apply to who can use the service. Further details about the Direct Access service, including the age limits that apply, can be found on bupa.co.uk/direct-access or you can call us.

Please note:

- if you are an underwritten member, you have access to the Direct Access service. If the Direct Access service refers you for a consultation or treatment and you want to make a claim you may need to provide us with certain information to establish that your condition is not a pre-existing condition (please see ‘B2 Providing us with information’ in the ‘Claiming’ section of this guide for full details)
- if you are a moratorium member, you have access to the Direct Access service. If the Direct Access service refers you for a consultation or treatment and you want to make a claim you will need to follow the standard process for claiming to establish that your condition is not a moratorium condition (please see ‘If you are a moratorium member’ under A1 in the Claiming section of this guide for full details)
- you can use the Direct Access service when your medical condition is not covered by your benefits. For example, if you have a special condition or general exclusion the Direct Access service will still be available to you for a remote assessment. Any out-patient consultations, therapies or treatment that is recommended by the Direct Access service for those conditions would not be covered under your benefits
- if benefit limits apply to your benefits for out-patient consultations and therapies and you have used all the out-patient benefits available to you for the year you can still use the Direct Access service but any out-patient consultations or therapies you are referred for would not be covered under your benefits.

The charge for any remote assessments required as part of our Direct Access service will not:

- erode your out-patient benefit limit if you have one, nor
- be subject to your excess if they apply to your cover

If you go on to receive and claim for eligible treatment following referral by our Direct Access service, that treatment will be treated as a normal claim under your cover.

Bupa recognised medical practitioners and recognised facilities

Your cover for eligible treatment costs depends on you using certain Bupa recognised medical and other health practitioners and recognised facilities.

Please note:

- the medical practitioners, other healthcare professionals and recognised facilities you use can affect the level of benefits we pay you
- certain medical practitioners, other healthcare professionals and recognised facilities that we recognise may only be recognised by us for certain types of treatment or treating certain medical conditions or certain levels of benefits
- the medical practitioners, other healthcare professionals and recognised facilities that we recognise and the type of medical condition and/or type of treatment and/or level of benefit that we recognise them for will change from time to time.
Your **treatment** costs are only covered when:

- if the Open Referral service does not apply to your **benefits**: the person who has overall responsibility for your **treatment** is a **consultant**. If the person who has overall responsibility for your **treatment** is not a **consultant** then none of your **treatment** costs are covered – the only exception to this is where a GP or our Direct Access service refers you for **out-patient treatment** by a **therapist**, **complementary medicine practitioner** or **mental health and wellbeing therapist**
- the medical practitioner or other healthcare professional and the **recognised facility** are recognised by **us** for treating the medical condition you have and for providing the type of **treatment** you need.

**Changes to lists**
Where **we** refer to a list that **we** can change, it will be for one or more of the following reasons:

- where **we** are required to by any industry code, law or regulation
- where a contract ends or is amended by a third party for any reason
- where **we** elect to terminate or amend a contract, for example because of quality concerns or changes in the provision of facilities and/or specialist services
- where the geographic balance of the service **we** provide is to be maintained
- where effectiveness and/or costs are no longer in line with similar treatments or services, or accepted standards of medical practice, or
- where a new service, **treatment** or facility is available.

The lists that these criteria are applied to include the following:

- **advanced therapies**
- **appliances**
- **consultant fees schedule**
- **critical care units**
- **fee-assured consultants**
- **medical treatment providers**
- **prostheses**
- **recognised facilities**
- **recognised practitioners**
- **schedule of procedures**
- **specialist drugs**.

Please note that **we** cannot guarantee the availability of any facility, practitioner or **treatment**.

**Reasonable and customary charges**
**We** only pay reasonable and customary charges for **eligible treatment** performed by **recognised practitioners** in the **recognised facility** available under your cover. This means that the amount **we** will pay medical practitioners, other healthcare professionals and/or **treatment** facilities for **eligible treatment** will be in line with what the majority of **our** members are charged for similar **treatment** or services. If you see a **consultant** who does not charge within **our** benefit limits without prior approval from **us**, **we** will fund up to the limits in **our** **consultant fees schedule**. The schedule will change from time to time. Details of the schedule can be found at [bupa.co.uk/codes](http://bupa.co.uk/codes).
If there is another proven treatment for your condition which is available in the UK, that is more costly than the treatment that the majority of our members receive and does not provide a better clinical outcome, we will fund what the majority of our members are charged for similar treatment or services.

Using a non-recognised facility
If, for medical reasons, your proposed day-patient treatment or in-patient treatment cannot take place in a recognised facility we may agree to your treatment being carried out in a treatment facility that is not a recognised facility. We need full clinical details from your consultant before we can give our decision. If we do agree, we pay benefits for the treatment as if the treatment facility had been a recognised facility and when you contact us we will check your cover and help you to find a suitable alternative treatment facility that is recognised by Bupa.

- the intensive care is required routinely by patients undergoing the same type of treatment as yours, and
- you are receiving private eligible treatment in a recognised facility equipped with a critical care unit, and
- the intensive care is carried out in the critical care unit, and
- it follows your planned admission to the recognised facility for private eligible treatment.
If you are receiving private eligible treatment which does not routinely require intensive care as part of that eligible treatment and unforeseen circumstances arise that require intensive care we will only pay for the intensive care if you are receiving your private eligible treatment in a recognised facility and either:

- the recognised facility is equipped with a critical care unit, and your intensive care is carried out in that critical care unit, or
- the recognised facility is not equipped with a critical care unit but has a prior agreement with us to follow an emergency protocol agreed with another recognised facility that is equipped with a critical care unit, which is either adjacent or is part of the same group of companies, and you are transferred under that prior emergency protocol and your intensive care is carried out in that critical care unit in which case your consultant or recognised facility should contact us at the earliest opportunity.

- you have been discharged from a critical care unit to a general ward for more than 24 hours, and
- it is agreed by both your referring and receiving consultants that it is clinically safe and appropriate to transfer your care, and
- we have confirmed that your treatment is eligible under your benefits.

However, we need full clinical details from your consultant before we can make our decision.

Please remember that any treatment costs you incur that are not eligible under your benefits are your responsibility.

What is not covered

This section explains the treatment, services and charges that are not covered under Bupa Select. The exclusions are grouped under headings. The headings are just signposts, they are not part of the exclusion. If there is an exception to an exclusion this is shown. In the exceptions where, as an example, we refer to specific treatments or medical conditions these are examples only and not evidence that it is covered under your benefits.

This section does not contain all the limits and exclusions to cover. For example the benefits set out in the section ‘Benefits’ also describe some limitations and restrictions for particular types of treatment, services and charges. There may also be some exclusions on your membership certificate and any confirmation of special conditions we send for anyone to whom a special condition applies.

This section does not apply to Cash benefits CB2 to CB5 as set out in the section ‘Cash benefits’.

Exclusion 1 Ageing, menopause and puberty

We do not pay for treatment to relieve symptoms commonly associated with any bodily change arising from any physiological or natural cause such as ageing, menopause or puberty and which is not due to any underlying disease, illness or injury. For example, we do not pay for the treatment of acne arising from natural hormonal changes.

Exception: We pay for eligible treatment of an acute condition that you develop during menopause, such as heavy bleeding (menorrhagia) or urinary incontinence subject to the other policy terms.

Exclusion 2 Accident and emergency treatment

We do not pay for any treatment, including immediate care, received during a visit to an NHS or private accident and emergency (A&E) department, urgent care centre or walk-in clinic.

We also do not pay for any treatment received following an admission via an NHS or private A&E department, urgent care centre or walk-in clinic until after you are referred by a consultant for eligible treatment in a recognised facility. In these circumstances, before you receive any treatment, you should contact us as soon as reasonably possible to confirm whether your treatment is covered under your benefits as you are responsible for any costs you incur that are not covered under your benefits.

Please also see ‘benefit 3.2.4 intensive care’ in the section Benefits and the exclusion ‘Intensive care (other than routinely needed after private day-patient or in-patient treatment)’ in this section.

Exclusion 3 Allergies, allergic disorders or food intolerances

We do not pay for treatment:

- to de-sensitise or neutralise any allergic condition or disorder, or
- of any food intolerance.
Once a diagnosis of an allergic condition or disorder or food intolerance has been confirmed we do not pay for any further treatment, including diagnostic tests, to identify the precise allergen(s) or foodstuff(s) involved – this means, for example, if you are diagnosed with a tree nut allergy we will not pay for further investigations into which specific nut(s) you are allergic to.

**Exclusion 4 Benefits that are not covered and/or are above your benefit limits**

We do not pay for any treatment, services or charges that are not covered under your benefits. These include, for example, personal travel and/or accommodation costs which are not expressly set out in your benefits. We also do not pay for any treatment costs in excess of the amounts for which you are covered under your benefits.

**Exclusion 5 Birth control, conception and sexual problems**

We do not pay for treatment:
- for any type of contraception, sterilisation, termination of pregnancy
- for any type of sexual problems (including impotence, whatever the cause)
- for any type of assisted reproduction (eg IVF investigations or treatment), surrogacy, the harvesting of donor eggs or donor insemination
- where it relates solely to the treatment of infertility or treatment for or arising from any of these.

Please also see ‘Pregnancy and childbirth’ in this section.

**Exclusion 6 Chronic conditions**

We do not pay for treatment of chronic conditions. By this, we mean a disease, illness or injury which has at least one of the following characteristics:
- it needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- it needs ongoing or long-term control or relief of symptoms
- it requires rehabilitation or for you to be specially trained to cope with it
- it continues indeﬁnitely
- it has no known cure
- it comes back or is likely to come back.

Exception: We pay for eligible treatment arising out of a chronic condition, or for treatment of unexpected acute symptoms of a chronic condition that flare up. However, we only pay if the treatment is likely to lead quickly to a complete recovery or to you being restored fully to your previous state of health, without you having to receive prolonged treatment. For example, we pay for treatment following a heart attack arising out of chronic heart disease. We do not pay for treatment required due to the expected deterioration or flare up of a chronic condition. This includes conditions which have a relapsing or remitting nature and require management of recurrent flare-ups, for example, inflammatory bowel disease. In such cases, the flare-ups are an expected part of the normal course of the illness and therefore we do not consider them as acute complications of the disease.
Please note: in some cases it might not be clear, at the time of treatment, that the disease, illness or injury being treated is a chronic condition. We are not obliged to pay the ongoing costs of continuing, or similar, treatment. This is the case even where we have previously paid for this type of or similar treatment. When you are receiving in-patient treatment, in making our decision on whether your condition is, or has become, a chronic condition, we will consider the period of days during which there has been no change in your clinical condition or change in your treatment.

We do not consider cancer as a chronic condition. We explain what we pay for eligible treatment of cancer in Benefit 4 Cancer treatment in the ‘Benefits’ section of this guide.

We do not consider a mental health condition as a chronic condition. We explain what we pay for eligible treatment of mental health conditions in Benefit 5 Mental health treatment in the ‘Benefits’ section of this guide.

Please also see ‘Temporary relief of symptoms’ in this section.

Exclusion 7 Complications from excluded conditions, treatment and experimental treatment
We do not pay any treatment costs, including any increased treatment costs, you incur because of complications caused by a disease, illness, injury or treatment for which cover has been excluded or restricted from your membership. For example, if cover for diabetes is excluded by a special condition, and you have to spend any extra days in hospital or a treatment facility after an operation because you have diabetes, we would not pay for these extra days.

We do not pay any treatment costs you incur because of any complications arising or resulting from experimental treatment that you receive or for any subsequent treatment you may need as a result of you undergoing any experimental treatment.

Exclusion 8 Contamination, wars, riots and terrorist acts
We do not pay for treatment for any condition arising directly or indirectly from:
- war, riots, terrorist acts, civil disturbances, acts against any foreign hostility, whether war has been declared or not, or any similar cause
- chemical, biological, radioactive or nuclear contamination, including the combustion of chemicals or nuclear fuel, or any similar event.

Exception: We pay for eligible treatment that is required as a result of a terrorist act providing that the act does not cause chemical, biological, radioactive or nuclear contamination.

Exclusion 9 Convalescence, rehabilitation and general nursing care
We do not pay for recognised facility accommodation if it is primarily used for any of the following purposes:
- convalescence, rehabilitation, supervision or any purpose other than receiving eligible treatment
- receiving general nursing care or any other services which could have been provided in a nursing home or in any other establishment which is not a recognised facility
- receiving services from a therapist, complementary medicine practitioner or mental health and wellbeing therapist.

This does not apply to addiction treatment programmes if they are covered by your policy under Benefit 5 Mental Health treatment.
Exclusion 10 Cosmetic, reconstructive or weight loss treatment

We do not pay for treatment to change your appearance, such as a remodelled nose or facelift whether or not it is needed for medical or psychological reasons.

We do not pay for breast enlargement or reduction or any other treatment or procedure to change the shape or appearance of your breast(s) whether or not it is needed for medical or psychological reasons, for example, for backache or gynaecomastia (which is the enlargement of breasts in males).

We do not pay for any treatment, including surgery:

- which is for or involves the removal of healthy tissue (ie tissue which is not diseased), or the removal of surplus or fat tissue, or
- where the intention of the treatment, whether directly or indirectly, is the reduction or removal of surplus or fat tissue including weight loss (for example, surgery related to obesity including morbid obesity)

whether or not the treatment is needed for medical or psychological reasons.

We do not pay for treatment of keloid scars. We also do not pay for scar revision.

Exception 1: We pay for eligible treatment for an excision of a lesion if any of the following criteria are met:

- a biopsy or clinical appearance indicates that disease is present
- the lesion obstructs one of your special senses (vision/smell/hearing) or causes pressure on other organs
- the lesion stops you from performing the activities of daily living.

Before any treatment starts you must have our confirmation that the above criteria have been met and we need full clinical details from your consultant before we can determine this.

Exception 2: We pay for eligible surgical operations to restore the appearance of the specific part of your body that has been affected:

- by an accident, or
- if your benefits include cover for cancer treatment, as a direct result of surgery for cancer, or eligible prophylactic surgery (as explained in Exclusion 25 Screening, monitoring and preventive treatment under Exception 1).

Eligible surgical operations to restore appearance include those for the purposes of symmetry (eg surgery to a healthy breast to make it match a breast reconstructed following cancer surgery). Once the initial eligible treatment to restore your appearance is complete (including delayed surgery, such as delayed breast reconstructions) we do not pay for repeat surgeries or reconstructions, or further treatment to restore or amend your appearance.

We only pay if both of the following apply:

- it is part of the original eligible treatment resulting from the accident, cancer surgery or prophylactic surgery, (as explained in Exclusion 25 Screening, monitoring and preventive treatment under Exception 1)
- the accident, cancer surgery or the prophylactic surgery took place during your current continuous period under a Bupa scheme that includes benefits for this type of treatment
- the current continuous period may include being a member of another Bupa scheme and/or a beneficiary of a trust administered by Bupa, as long as there has been no break in your cover.

Before any treatment starts you must have our confirmation that the above criteria have been met and we need full clinical details from your consultant before we can determine this. We do not pay for more than the one course/ one set of surgical operations or for repeat cosmetic procedures.

Please also see ‘Screening, monitoring and preventive treatment’ in this section.

- the treatment of bone disease when related to gum disease or tooth disease or damage.

**Exclusion 13 Dialysis**
We do not pay for treatment for or associated with kidney dialysis (haemodialysis), meaning the removal of waste matter from your blood by passing it through a kidney machine or dialyser.

We do not pay for treatment for or associated with peritoneal dialysis, meaning the removal of waste matter from your blood by introducing fluid into your abdomen which acts as a filter.

**Exception 1:** We pay for eligible treatment for short-term kidney dialysis or peritoneal dialysis if the dialysis is needed temporarily for sudden kidney failure resulting from a disease, illness or injury affecting another part of your body.

**Exception 2:** We pay for eligible treatment for short-term kidney dialysis or peritoneal dialysis if you need this immediately before or after a kidney transplant.

We do not pay for any drugs or surgical dressings provided or prescribed for out-patient treatment or for you to take home with you on leaving hospital or a treatment facility.
We do not pay for any complementary or alternative therapy products or preparations, including but not limited to homeopathic remedies or substances, regardless of who they are prescribed or provided by or the type of treatment or medical condition they are used or prescribed for.

Exception: If your benefits include cover for cancer treatment we pay for out-patient common drugs, advanced therapies and specialist drugs for eligible treatment of cancer but only as set out in benefit 4 in the section ‘Benefits’.

Please also see ‘Experimental drugs and treatment’ in this section.

Exclusion 15 Excluded treatment or medical conditions
We do not pay for:
- treatment of any medical condition, or
- any type of treatment

that is specifically excluded from your benefits.

Exclusion 16 Experimental drugs and treatment
We do not pay for treatment or procedures which, in our reasonable opinion, are experimental or unproved based on established medical practice in the United Kingdom, such as drugs outside the terms of their licence or procedures which have not been satisfactorily reviewed by NICE (National Institute for Health and Care Excellence).

Licensed gene therapy, somatic-cell therapy or tissue engineered medicines for conditions other than cancer that have not been tested in phase III clinical trials will be considered experimental.

Exception: We pay for experimental drug treatment for cancer subject to the following criteria:
- the use of this drug treatment follows an unsuccessful initial licensed treatment where available, and
- you speak regularly to our nurse, as we may reasonably require in order to allow us to effectively monitor your treatment and provide support, and

- for the proposed treatment we are provided with an MDT report, which includes one of the following:
  - evidence that the drug treatment has been found to have likely benefit on your condition through a predictive genetic test where appropriate/available, or
  - evidence that the drug has had a health technology assessment with a positive outcome and there is a European Medicines Agency (EMA) licence for the drug with the drug being used within its licensed protocol, or
- evidence that at least one NHS/National Comprehensive Cancer Network (NCCN)/European Society for Medical Oncology (ESMO) protocol exists, with supporting phase III clinical trial evidence, for your exact condition (ie the specific indication including tumour type, staging and phase of treatment if relevant), or
- a published positive opinion on the Orphan Drug EMA Register for your exact condition (ie the specific indication including tumour type, staging and phase of treatment if relevant), or

Before starting this type of treatment you must have our confirmation that the above criteria have been met and we need full clinical details from your consultant before we can determine this.

**Exception 2:** **We** pay for **eligible treatment** of an **acute condition** of the member (mother) that relates to pregnancy or childbirth but only if all the following apply:

• the **treatment** is required due to a flare-up of the medical condition, and
• the **treatment** is likely to lead quickly to a complete recovery or to you being restored fully to your state of health prior to the flare-up of the condition without you needing to receive prolonged **treatment**.

*Please also see ‘Birth control, conception and sexual problems’, ‘Screening, monitoring and preventive treatment’ and ‘Chronic conditions’ in this section.*

**Exclusion 25 Screening, monitoring and preventive treatment**

**We** do not pay for:

• health checks or health screening, by health screening we mean where you may or may not be aware you are at risk of, or are affected by, a disease or its complications but are asked questions or have tests to find out if you are and which may lead to you needing further tests or **treatment**
• routine tests, or monitoring of medical conditions, including:
  - routine antenatal care or screening for and monitoring of medical conditions of the mother or foetus during pregnancy
  - routine checks or monitoring of **chronic conditions** such as diabetes mellitus or hypertension
• tests or procedures which, in our reasonable opinion based on established clinical and medical practice, are carried out for screening or monitoring purposes, such as endoscopies when no symptoms are present
• preventive **treatment**, procedures or medical services (including vaccinations)
medication reviews or appointments where you have had no change in your usual symptoms.

Exception 1: If your benefits include cover for cancer, you are being treated for cancer and have strong direct family history of cancer, we pay for you to receive a genetically-based test to evaluate future risk of developing further cancers, if recommended by your consultant. If the test shows you are at high risk of developing further cancers we pay for prophylactic surgery, if recommended by your consultant. We will pay for reconstructive surgery following eligible prophylactic surgery as set out in Exclusion 10 Cosmetic, reconstructive or weight loss treatment under exclusion 2.

Before you have any tests, procedures or treatment you must have our written confirmation that the above criteria have been met and we will need full clinical details from your consultant before we can determine this.

Exception 2: If your benefits include cancer cover we pay for eligible treatment for the monitoring of cancer as set out in benefit 4.1.1 out-patient consultations for cancer and benefit 4.1.4 out-patient diagnostic tests for cancer.

Please also see ‘Chronic conditions’ and ‘Pregnancy and childbirth’ in this section.

Exclusion 26 Sleep problems and disorders
We do not pay for treatment for or arising from sleep problems or disorders such as insomnia, snoring or sleep apnoea (temporarily stopping breathing during sleep).

Exclusion 27 Special conditions
For underwritten members we do not pay for treatment directly or indirectly relating to special conditions.

We are willing, at your renewal date, to review certain special conditions. We will do this if, in our opinion, no treatment is likely to be needed in the future, directly or indirectly, relating to the disease, illness or injury referred to in the special condition or for a related disease, illness or injury. However, there are some special conditions which we do not review. If you would like us to consider a review of your special conditions please call the helpline prior to your renewal date.

We will only determine whether a special condition can be removed or not, once we have received full current clinical details from a GP or consultant. If you incur costs for providing the clinical details to us you are responsible for those costs, they are not covered under your benefits.

Please also see the ‘Cover for a newborn baby’ rule in the section ‘How your membership works’.

Exclusion 28 Speech disorders
We do not pay for treatment for or relating to any speech disorder, for example stammering.

Exception: We pay for short-term speech therapy when it is part of eligible treatment and takes place during or immediately following the eligible treatment. The speech therapy must be provided by a therapist who is a member of the Royal College of Speech and Language Therapists.
Exclusion 29 Gender dysphoria or gender affirmation
We do not pay for treatment for gender dysphoria or gender affirmation.

Exclusion 30 Temporary relief of symptoms
We do not pay for treatment, the main purpose or effect of which is to provide temporary relief of symptoms or which is for the ongoing management of a condition.

Exception: We pay for treatment to manage the symptoms of a terminal illness or disease from the date on which your consultant tells you that your ongoing treatment will be to support your end of life care only and you will not receive treatment that is intended to halt or improve the terminal illness or disease itself. We then pay all charges and fees for the treatment you need in accordance with, and on the same basis as, your other benefits (including Benefit 6 Treatment at home), for a maximum period of 21 consecutive days. We only pay for this once in your lifetime.

Exclusion 31 Treatment in a treatment facility that is not a recognised facility
We do not pay consultants’ fees for treatment that you receive in a hospital or any other type of treatment facility that is not a recognised facility.

If your facility access is partnership facility, we also do not pay for facility charges for treatment that you receive in a hospital or any other type of treatment facility that is not a recognised facility.

Exception: We may pay consultants’ fees and facility charges for eligible treatment in a treatment facility that is not a recognised facility when your proposed treatment cannot take place in a recognised facility for medical reasons. However, you will need our written agreement before the treatment is received and we need full clinical details from your consultant before we can give our decision.

Please also see the section ‘Benefits’.

Exclusion 32 Unrecognised medical practitioners, providers and facilities
We do not pay for any of your treatment if the consultant who is in overall charge of your treatment is not recognised by Bupa.

We also do not pay for treatment if any of the following apply:
- the consultant, medical practitioner, therapist, complementary medicine practitioner, mental health and wellbeing therapist or other healthcare professional is:

- where we do not recognise them as having specialised knowledge of, or expertise in, the treatment of the disease, illness or injury being treated
- where we do not recognise them as having specialised expertise and ongoing experience in carrying out the type of treatment or procedure needed
- where we have sent a written notice to them saying that we no longer recognise them for the purposes of our schemes.

Exclusion 33 Moratorium conditions
For moratorium members we do not pay for treatment of a moratorium condition, or a disease, illness or injury that results from or is related to a moratorium condition.

Exception: If you apply to add your newborn baby as a dependant under your membership and the baby’s membership would be as a moratorium member we will not apply this exclusion to the baby’s cover if you have been a member under your scheme (and if applicable your previous scheme) for at least 12 continuous months before the baby’s birth and you include the baby as a dependant within three months of their birth.

Exclusion 34 Advanced therapies and specialist drugs
We do not pay for:

- any gene therapy, somatic-cell therapy or tissue engineered medicines that are not on the list of advanced therapies that applies to your benefits
- any drugs or medicines that are neither common drugs nor specialist drugs for which a separate charge is made by your recognised facility.

Exclusion 35 Varicose veins of the legs
We do not pay for the treatment of varicose veins of the legs.

Exception: We pay for one eligible surgical operation for varicose veins per leg in your lifetime of being covered under a Bupa health insurance policy and/or a beneficiary of a Bupa administered trust. This applies to all Bupa insurance schemes and/or Bupa administered trusts you may be a member and/or beneficiary of in the future, whether your being a member and/or beneficiary is continuous or not.

Both legs being treated on the same day is considered one surgical operation on each leg.

We also pay:

Privacy notice – in brief

We are committed to protecting your privacy when dealing with your personal information. This privacy notice provides an overview of the information we collect about you, how we use it and how we protect it. It also provides information about your rights. The information we process about you, and our reasons for processing it, depends on the products and services you use. You can find more details in our full privacy notice available at bupa.co.uk/privacy. If you do not have access to the internet and would like a paper copy, please write to Bupa Data Protection, Willow House, 4 Pine Trees, Chertsey Lane, Staines-upon-Thames, Middlesex TW18 3DZ. If you have any questions about how we handle your information, please contact us at dataprotection@bupa.com

Information about us
In this privacy notice, references to ‘we’, ‘us’ or ‘our’ are to Bupa. Bupa is registered with the Information Commissioner’s Office, registration number Z6831692. Bupa is made up of a number of trading companies, many of which also have their own data-protection registrations. For company contact details, visit bupa.co.uk/legal-notices

1. Scope of our privacy notice
This privacy notice applies to anyone who interacts with us about our products and services (‘you’, ‘your’), in any way (for example, email, website, phone, app and so on).

2. How we collect personal information
We collect personal information from you and from certain other organisations (those acting on your behalf, for example, brokers, health-care providers and so on). If you give us information about other people, you must make sure that they have seen a copy of this privacy notice and are comfortable with you giving us their information.

3. Categories of personal information
We process the following categories of personal information about you and, if it applies, your dependants. This is standard personal information (for example, information we use to contact you, identify you or manage our relationship with you), special categories of information (for example, health information, information about race, ethnic origin and religion that allows us to tailor your care), and information about any criminal convictions and offences (we may get this information when carrying out anti-fraud or anti-money-laundering checks, or other background screening activity).

4. Purposes and legal grounds for processing personal information
We process your personal information for the purposes set out in our full privacy notice, including to deal with our relationship with you (including for claims and handling complaints), for research and analysis, to monitor our expectations of performance (including of health providors relevant to you) and to protect our rights, property, or safety, or that of our customers, or others. The legal reason we process personal information depends on what category of personal information we process. We normally process standard personal information on the basis that it is necessary so we can perform a contract, for our or others’ legitimate interests or it is needed or allowed by law. We process special categories of information because it is necessary for an insurance purpose, because we have your permission or as described in our full privacy notice. We may process information about your criminal convictions and offences (if any) if this is necessary to prevent or detect a crime.
5. Marketing and preferences
We may use your personal information to send you marketing by post, phone, social media, email and text. We only use your personal information to send you marketing if we have either your permission or a legitimate interest. If you don’t want to receive personalised marketing about similar products and services that we think are relevant to you, please contact us at optmeout@bupa.com or write to Bupa Data Protection, Willow House, 4 Pine Trees, Chertsey Lane, Staines-upon-Thames, Middlesex TW18 3DZ

6. Processing for profiling and automated decision-making
Like many businesses, we sometimes use automation to provide you with a quicker, better, more consistent and fair service, as well as with marketing information we think will interest you (including discounts on our products and services). This may involve evaluating information about you and, in limited cases, using technology to provide you with automatic responses or decisions. You can read more about this in our full privacy notice. You have the right to object to direct marketing and profiling relating to direct marketing. You may also have rights to object to other types of profiling and automated decision-making.

7. Sharing your information
We share your information within the Bupa group of companies, with relevant policyholders (including your employer if you are covered under a group scheme), with funders who arrange services on your behalf, those acting on your behalf (for example, brokers and other intermediaries) and with others who help us provide services to you (for example, health-care providers) or who we need information from to handle or check claims or entitlements (for example, professional associations). We also share your information in line with the law. You can read more about what information may be shared in what circumstances in our full privacy notice.

8. International transfers
We work with companies that we partner with, or that provide services to us (such as health-care providers, other Bupa companies and IT providers) that are located in, or run their services from, countries across the world. As a result, we transfer your personal information to different countries including transfers from within the UK to outside the UK, and from within the EEA (the EU member states plus Norway, Liechtenstein and Iceland) to outside the EEA, for the purposes set out in this privacy notice. We take steps to make sure that when we transfer your personal information to another country, appropriate protection is in place, in line with global data-protection laws.

9. How long we keep your personal information
We keep your personal information in line with periods we work out using the criteria shown in the full privacy notice available on our website.

10. Your rights
You have rights to have access to your information and to ask us to correct, erase and restrict use of your information. You also have rights to object to your information being used; to ask us to transfer information you have made available to us; to withdraw your permission for us to use your information; and to ask us not to make automated decisions which produce legal effects concerning you or significantly affect you. Please contact us if you would like to exercise any of your rights.
11. Data protection contacts

If you have any questions, comments, complaints or suggestions about this notice, or any other concerns about the way in which we process information about you, please contact us at dataprotection@bupa.com. You can also use this address to contact our Data Protection Officer.

You also have a right to make a complaint to your local privacy supervisory authority. Financial crime and sanctions

Financial crime
The Sponsor agree to comply with all applicable UK legislation relating to the detection and prevention of financial crime (including, without limitation, the Bribery Act 2010 and the Proceeds of Crime Act 2002).

Sanctions
We will not provide cover and we shall not be liable to pay any claim or provide any benefit to the extent that such cover, payment of a claim(s) or benefits would:

- be in contravention of any United Nations resolution or the trade or economic sanctions, laws or regulations of any jurisdiction to which we are subject (which may include without limitation those of the European Union, the United Kingdom, and/or the United States of America); and/or
- expose us to the risk of being sanctioned by any relevant authority or competent body; and/or
- expose us to the risk of being involved in conduct (either directly or indirectly) which any relevant authority, banks we transact through, or competent body would consider to be prohibited.

Where any resolutions, sanctions, laws or regulations referred to in this clause are, or become applicable we reserve all of our rights to take all and any such actions as may be deemed necessary in our absolute discretion, to ensure that we continue to be compliant. You acknowledge that this may restrict, delay or terminate our obligations and we may not be able to pay any claim(s) in the event of a sanctions-related concern.
