

Added dental care for healthy smiles

Our personal policies come with a dental appointment and a £300 allowance towards restorative treatment.

Our cover now covers more

It feels harder than ever to find the right dental care. That's why our dental allowance gives you and everyone on your cover an appointment with Bupa Dental Care every year. Plus, if you need further care, you'll have a £300 allowance toward "clinically necessary" restorative treatment like crowns or fillings. It's a little something extra to smile about.
