What is this type of insurance?

Private health insurance, which is designed to cover the costs of private healthcare, from diagnosis to treatment.

What is insured?

Inpatient and day-patient treatment

- ✓ Hospital treatment – paid in full.

- ✓ Radiotherapy and chemotherapy – paid in full.

Outpatient treatment

- ✓ Scans (MRI, CT, PET) and diagnostic tests – paid in full.
- ✓ Radiotherapy and chemotherapy – paid in full.
- ✓ Outpatient therapies (including mental health) – up to £500 per person, each policy year.

- When outpatient therapies are for eligible cancer treatment the therapy benefit allowance doesn't apply.

Other benefits:

- ✓ One dental appointment for a new patient examination, a routine check-up or an emergency appointment at a participating Bupa Dental Care practice for each person, each policy year.
- Restorative dental treatment required following the appointment – £300 allowance for each person, each policy year.
- ✓ Digital GP – unlimited, 24/7 access to video GP appointments.
- ✓ Anytime HealthLine – 24/7, unlimited telephone consultations with our team of nurses and GPs.
- ✓ Family Mental HealthLine – 8am to 6pm Monday to Friday, advice, guidance and support from a trained adviser or mental health nurse about your child's mental wellbeing.
- ✓ Menopause HealthLine – 8am to 8pm every day.
- ✓ Staying in hospital with a child – to stay with a child member aged 17 or under, one parent each night.
- You can choose to pay an excess, which means you must pay part of the treatment costs covered by your policy, up to the excess amount. Once you've paid the full excess amount, you won't have to pay it for any more treatment you claim for during that policy year. Having an excess will reduce your premium. Choices of up to £2,000 are available. Your chosen option is shown in your membership certificate and your policy guide explains how it works.
