Out of licence cancer drug or regimen

Funding request form

This form is to be used to request Bupa funding for your patient to receive cancer drugs that are not licensed in the UK for the condition being treated.

For us to accurately assess your request, you need to:

1. Complete this form in **FULL** including all relevant elements of the patient's current medical condition and medical history
2. Attach MDT notes (section 5)
3. Attach accompanying evidence (section 6)

at least three working days before the treatment is due to take place.

We're unable to assess funding based on incomplete forms or evidence. If we need to ask you for more information, this is likely to delay our funding decision and risks delaying your patient's treatment.

9. Further information

Our customers' health insurance schemes may cover the cost of some cancer drugs that aren't licensed or drugs that we don't routinely fund in the UK. When assessing funding requests, we look at the strength and quality of the evidence of clinical effectiveness and the anticipated measurable outcomes. These outcomes may include improvements in overall survival, progression-free survival, clinical response, and adverse effects.
