Bupa Balance.
Health cover that’s more scalable.
Perfectly weighted cover that helps your healthcare scheme reach more of your people.

Big businesses need a breadth of health services to match their size. Introducing Bupa Balance, designed for businesses that strive for better health for all. It’s all about core services at key stages that scale up to a healthier, more positive workforce.

From specific health checks to help spot the most common types of cancer, to remote access to GPs and nurses 24/7 about anything from a bad back to a bad day. Fast, convenient and easy-to-use, it provides access to the out-patient services that are most important to them. Because their health is the most important thing to us.

Works in symmetry with your employees

Ways of working and living are evolving. That’s why our cover connects teams everywhere to digital health services they can use wherever and whenever.
**Key stages. Covered.**

**Detecting problems**
Specific health checks will help spot common cancers and identify lifestyle issues. Because early intervention means better outcomes.

**Diagnosing symptoms**
Fast access to GPs, nurses and specialists such as physiotherapists, cardiologists and cancer specialists by phone or online provides advice and diagnosis without the wait.

**Delivering support**
From talking to nurses about family mental health worries, to helping ongoing management for long-term conditions like diabetes and heart problems, our remote and out-patient support is here for ongoing issues that can affect your employees.

**A level-headed business decision**
It’s important to remember that issues such as absenteeism and presenteeism caused by health problems cost UK industry billions of pounds. For example, it’s estimated that cardiovascular disease alone costs the UK economy £19 billion every year.*

Increased chance of early diagnosis, fast access to health advice and timely treatment combined can reduce time away from work and boost productivity.

Terms and conditions apply to all our benefits referred to in this brochure. Further details are available on request.

**Please note:**
As this is a screening assessment, it is suitable for those with no symptoms.

*PSA blood tests are not generally recommended for those under 50. Under 50s can discuss their concerns with the GP who will advise on best next steps if there are medical concerns about this.

†Examinations and tests may only be provided if considered clinically appropriate by the doctor, depending on risk factors and medical history. Any results will be communicated securely by phone, letter or email within 14 days.

‡Smear (examination of the cervical cells under a microscope) will be carried out if HPV virus is present, in line with NHS guidelines for best practice.
What's included?

Fast access to diagnosis and out-patient treatment.
Waiting to see a GP can be slow. That's why we give employees fast access to those clinical services we’ve identified as the most important. Our Direct Access† options mean your people don’t need to see a GP first if they have:

- Symptoms of cancer
- Mental health concerns
- Muscle, bone and joint problems

†Diagnosis for cancer is covered on an out-patient basis but ongoing treatment isn’t covered.

Terms and conditions apply to all our benefits referred to in this brochure. Further details are available on request.

*Any onward referrals for consultations, tests or treatment are subject to the benefits and exclusions of your cover. Please check your guide and certificate for further details or contact us to check your eligibility.
What’s included?

Support for long-term conditions.

Chronic Cover can help to minimise time off and improve productivity by helping your people work with their condition. It opens up fast access to clinical resources such as out-patient consultations, diagnostic tests and therapies (up to an agreed benefit limit). This allows employees with long-term conditions such as diabetes take more control, with support and expert advice when they need it.

Highest absence

Workers who report having a long-term health condition have a higher sickness absence rate than those who do not report having such a condition.2

Terms and conditions apply to all our benefits referred to in this brochure. Further details are available on request.
What's included?

Balanced benefits for work and home life.
