About this guide

Welcome to your Bupa membership guide

At Bupa, we know that insurance can be hard to follow. That’s why we have made this guide as simple as possible. You will find individual chapters that deal with each aspect of your Bupa cover, including a step-by-step guide to making a claim.

Please make sure that you keep this guide somewhere safe. You will need it when you come to claim.

If any of the terms or language used leave you confused – don’t worry, we have also included a glossary featuring clear definitions of words that are in bold italic in the text.

Demands and needs statement

This policy is generally suitable for someone who is looking to cover the cost of a range of health expenses. We have not provided you with any advice regarding this policy. If you have purchased through a non-Bupa financial adviser then please refer to the demands and needs statement that they have provided you with.

Please read your membership certificate, this membership guide and any confirmation of special conditions we send for anyone to whom a special condition applies, to ensure this policy meets your needs (including the needs of anyone else covered).

How do I know what I’m covered for?

The precise details of the cover you have chosen are listed on your membership certificate. Please read this membership guide together with your membership certificate and any confirmation of special conditions as together they set out full details of how your health insurance works. We will send a confirmation of special conditions for anyone to whom a special condition applies which forms part of our agreement with you.

Your rules and benefits

Effective from date: 1 January 2023
These are the rules and benefits that apply to Bupa members. By this we mean a member covered under one of the following Bupa health insurance products as shown on their membership certificate:
- BupaCare, LocalCare, EssentialCare, Local HospitalCare, SeniorCare, Senior EssentialCare, EmployeeChoice, EmployeeChoice Essential and LocalCare Direct
- Heartbeat – cover options Health care select 1, 2, 3 Plus, 3 and 4, Heart and Cancer.
They apply to any main member whose cover start date is on or after the ‘Effective from date’ and to any dependants included in their policy from that dependant’s cover start date.
Words and phrases in bold italic in this membership guide are defined terms which have a specific meaning. You should check their meaning in the glossary.

Important note
Please read this note before you read the rest of this membership guide as it explains how this membership guide, your membership certificate and any confirmation of special conditions work together. We will send a confirmation of special conditions for anyone to whom a special condition applies which forms part of our agreement with you. Together these are your membership documents and they set out full details of your benefits. They should not be read as separate documents.
This membership guide is a generic guide. It contains the general membership terms that apply to Bupa members. It also sets out all the elements of cover that are available for Bupa members under all their schemes. This means that you may not have all the cover set out in this membership guide. It is your membership certificate that shows the cover that is specific to your benefits and scheme. Any elements of cover in this membership guide that are either:
- shown on your membership certificate as ‘not covered’, or
- do not appear on your membership certificate
you are not covered for and you should therefore ignore them when reading this membership guide.
The ‘Further details’ section of your membership certificate: Your membership certificate could also show some differences to the terms of cover set out in this membership guide particularly in the ‘Further details’ section.
When reading this membership guide and your membership certificate, it is your membership certificate which is personal to you. This means that if your membership certificate contradicts this membership guide it is your membership certificate that will take priority.
Always call the helpline if you are unsure of your cover.
Eligibility
To be eligible for this cover the *main member* and *dependants* must:

- be *resident* in the *UK*
- at their *cover start date* have been registered continuously with a *GP* for a period of at least six months, or have access to and be able to provide their full medical records in English, and

not receive payment for taking part in sports, unless they are on the BupaCare Sports Persons scheme.
How your membership works

The agreement between you and us

In return for you, the main member, paying us subscriptions, we agree to provide you and your dependants (if any) with cover under the terms of our agreement.

Only you and Bupa have legal rights under our agreement, although we will allow anyone who is covered under your membership complete access to our complaints process (please also see sub section ‘Making a complaint’ in this section).

The following documents make up our agreement. These documents must be read together as a whole, they should not be read as separate documents.

- This Bupa membership guide: this sets out the general terms and conditions of membership (including exclusions) and all the elements of cover that are available for Bupa members under all their schemes.
- Your membership certificate: this shows your current membership details including:
  - who is covered by your Bupa membership, the dates when your cover starts and ends
  - the cover that is specific to your benefits, including the limits that apply, any variations to the benefits, terms or conditions explained in this membership guide
  - the subscriptions you will be paying
  - whether an excess or co-insurance applies to your cover and if it does the amount and how it applies
  - your chosen scale of cover (if one applies)
  - the type of underwriting that applies to your membership.
- Confirmation of special conditions: we will send a confirmation of special conditions for anyone to whom a special condition applies.
- For Heartbeat members with Additional Cover Options included in their benefits, the Bupa Heartbeat Additional Cover Options Membership Guide.

Payment of benefits

We only pay benefits for treatment you receive while you are covered under the agreement and we only pay benefits in accordance with the cover that applies to you on the date the treatment takes place. We do not pay for any treatment, including any treatment we have pre-authorised, that takes place on or after the date your cover ends.

When you receive private medical treatment you have a contract with the providers of your treatment. You are responsible for the costs you incur in having private treatment. However, if your treatment is eligible treatment we pay the costs that are covered under your benefits. Any costs, including eligible treatment costs, that are not covered under your benefits are your sole responsibility. The provider might, for example, be a consultant, a recognised facility or both. Sometimes one provider may have arrangements with other providers involved in your care and, therefore, be entitled to...
receive all the costs associated with your treatment. For example a recognised facility may charge for recognised facility charges, consultants’ fees and diagnostic tests all together.

Other than in relation to the reimbursement of eligible treatment costs, there is no contract between you and us in respect of any private medical treatment or any other clinical services that you receive under your policy. We are not the provider of these things and this means that we are not responsible for the delivery of your private medical treatment or other clinical services.

In many cases we have arrangements with providers about how much they charge our members for treatment and how we pay them. For treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment directly – such as the recognised facility or consultant – or whichever other person or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to tell the main member or dependant having treatment (when aged 16 and over) when there is an amount for them to pay in relation to any claim (for example if they have an excess amount to pay) and who payment should be made to.

Please also see the section ‘Claiming’.

When your membership starts, renews and ends

Starting membership
Your cover starts on your cover start date.

Your dependants’ cover starts on their cover start date. Your cover start date and your dependant’s cover start date(s) may not be the same.

Cover for a newborn baby
You may apply to include your newborn baby under your membership as one of your dependants, free of charge, until your first renewal date after their birth.

If you and/or your partner have been a Bupa member for at least 12 continuous months before the baby’s birth and you include your baby under your membership within three months of the baby’s birth and your baby’s membership under the scheme would be as:

- an underwritten member, we will not apply any special conditions to the baby’s cover
- a moratorium member, we will not apply the exclusion for moratorium conditions to the baby’s cover – see Exclusion 33 in the section ‘What is not covered’.

In which case if we agree to cover your baby it will be from their date of birth or your cover start date if their date of birth is before your cover start date.

Your right to cancel
You may cancel your membership for any reason by calling us on 0800 010 383*, writing to us, or emailing us at consumer.cancellations@bupa.com§ within the later of 21 days of:

- receipt of your policy documents (including your membership certificate) we send you each year confirming your cover, or
- the cover start date of your policy.

§If you need to send us sensitive information you can email us securely using Egress. For more information and to sign up for a free Egress account, go to https://switch.egress.com. You will not be charged for sending secure emails to a Bupa email address using the Egress service.

*We may record or monitor our calls.
During this period, if you have not made any claims we will refund all of your subscriptions for that year. After this period of time you can cancel your cover at any time, we will refund any subscriptions you have paid relating to the period after your cover ends.

You may cancel any of your dependants’ membership for any reason by calling us on 0800 010 383*, writing to us or emailing us at consumer.cancellations@bupa.com§ within the later of 21 days of:

- receipt of your policy documents (including your membership certificate) we send you each year confirming cover for that dependant, or
- the cover start date of that dependant.

During this period, as long as no claims have been made in respect of their cover we will refund all of your subscriptions paid in respect of that dependant’s cover for that year. After this period of time you can cancel their cover at any time, we will refund any subscriptions you have paid relating to the period after their cover ends.

Renewing your membership

Our agreement is an annual one and your membership may be renewed each year on your renewal date, subject to the rule ‘Making changes’ in this section.

Your membership will renew automatically as long as you continue to pay your subscriptions and any other charges unless:

- you decide to end your membership
- we decide to end the scheme, or
- we do not agree to your membership or the membership of any of your dependants renewing.

If we decide to end the scheme or we do not agree to your membership or the membership of any of your dependants renewing we will write to let you know at least 28 days before your renewal date.

How membership can end

You can end your membership or the membership of any of your dependants at any time by calling us on 0800 010 383*, writing to us, or emailing us at consumer.cancellations@bupa.com§. We will refund any subscriptions you have paid which relate to a period after your or your dependant’s cover ends. If your membership ends the membership of all your dependants will also end.

Your membership and that of all your dependants will automatically end if:

- you do not renew your membership
- you do not pay your subscriptions, or any other payment you have to make in respect of the cover, on or before the date they are due. In the event of your membership terminating as a result of your failing to pay subscriptions in respect of your membership, on the due date, Bupa may at its sole discretion permit your membership and that of your dependants to continue, on condition that the overdue subscriptions payable in respect of your membership are received by Bupa within 30 days of the due date
- you stop being resident in the UK (you must inform us if you stop being resident in the UK)

§If you need to send us sensitive information you can email us securely using Egress. For more information and to sign up for a free Egress account, go to https://switch.egress.com. You will not be charged for sending secure emails to a Bupa email address using the Egress service.

*We may record or monitor our calls.
we do not have the correct address for you, and we are unable to confirm your correct address after using reasonable efforts to do so, then we will cancel your policy at renewal as we will not be able to confirm that you still require cover

you die, or

we decide to end your scheme.

A dependant’s membership will automatically end if:

your membership ends

you do not renew the membership of that dependant

that dependant stops being resident in the UK (you must inform us if a dependant stops being resident in the UK)

that dependant dies, or

we decide to end their scheme.

When we may cancel cover

If there is reasonable evidence that you or a dependant did not take reasonable care in answering our questions (by this we mean giving false information or keeping necessary information from us) then if this was:

intentional, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims

careless, then depending on what we would have done if you or they had answered our questions correctly, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims (in which case you may need to repay any claims we have paid and we will return any subscriptions you have paid in respect of your or (if applicable) your dependant’s cover), change your or their cover, or we could reduce any claim payment.

We can cancel or refuse to renew a main member’s or a dependant’s cover if, in our reasonable opinion, our relationship with that main member or dependant has broken down. Such circumstances include but are not limited to:

being abusive to our staff or providers

issuing court proceedings entirely without merit

any action which leads us to believe the member will not act in good faith in their dealings with us.

Joining another Bupa scheme

If we decide to close the scheme, we may offer you the opportunity to join another Bupa private medical scheme on the basis of the terms and conditions of the new scheme that we offer you.

If you and any of your dependants are underwritten members and transfer within one month we will not add any special conditions to your (and their) membership under the new scheme other than those that apply under this scheme.

If you and any of your dependants are moratorium members and transfer within one month we will keep the moratoria start date that applies to your (and their) cover under this scheme and not restart it upon transfer to the new scheme.

If your membership ends for any other reason you may apply to join another Bupa private medical scheme. You may only do this as long as your membership didn’t end because of any of the circumstances set out in the section ‘When we may cancel cover’. We will consider your application at our sole discretion.
Paying subscriptions and other charges
You must pay subscriptions including Insurance Premium Tax (IPT) in advance throughout your membership. Bupa Insurance Services Limited acts as our agent for arranging and administering your policy. Subscriptions are collected by Bupa Insurance Services Limited as our agent for the purpose of receiving, holding and refunding subscriptions and claims monies. The amount and method of payment is shown on your membership certificate.

Making changes

Changes we can make
We can change the terms and conditions of the membership at your renewal date. These changes could affect:

- how we calculate subscriptions, the amount you have to pay, how often you pay them and the method of payment (the cost of subscriptions has typically risen higher than the retail price index (RPI) over the same period, but this does not mean that they will increase by the same rate in the future), and
- the amount and type of cover provided under the scheme.

If you agreed with us that either a five or ten-year fixed term subscription will apply to your cover:

- we will only change how we calculate subscriptions, the amount you have to pay, how often you pay them and the method of payment at your subscription review date. If your product is Heartbeat and you have agreed a fixed term subscription with us, the fixed term does not apply to any part of your subscription that relates to cover for any Additional Cover Options
- your fixed term will end:
  - on your subscription review date
  - if you decide not to continue with your fixed term subscription, or
  - if you make any changes to your cover which affect the subscription which you have to pay. If your product is Heartbeat this does not apply if your subscription changes because you have added or removed any Additional Cover Options.

We can, at any time, change the amount you have to pay us in respect of Insurance Premium Tax (IPT) or any other taxes, levies or charges that may be introduced and which are payable in respect of your cover if there is a change in the rate of IPT or if any such taxes, levies or charges are introduced.

For underwritten members we will not add any special conditions to someone’s cover for medical conditions that started after their effective underwriting date provided that they gave us all the information we asked for:

- before their effective underwriting date, or
- if they transferred to the scheme from a previous scheme, they gave us all the information we asked for at the time of that transfer.

If we do make any changes to the terms and conditions of your membership we will write to tell you at least 28 days before the change takes effect. If you do not accept any of the changes you can cancel your Bupa policy within the later of:

- 28 days of the date on which the change takes effect, or
- 28 days of Bupa telling you about the change.
Changes you can make
At your renewal date you can apply to:
- add, remove or change an excess or co-insurance
- change your scale of cover (if any)
if such options are available under your scheme. We will consider your application at our sole discretion. If you apply to increase cover under the scheme, we may ask you to agree to special conditions before we accept your application.
These changes may also affect the subscriptions you have to pay.

Changes your authorised signatory can make
If you have agreed with us that your partner has the authority to make changes to your cover, your partner can make changes to the cover of anyone included under your membership as if your partner were the main member. However, your partner may not end the cover.

Other parties
No other person is allowed to make or confirm any changes to your membership or your benefits on our behalf or decide not to enforce any of our rights. Equally, no change to your membership or your benefits will be valid unless it is specifically agreed between the main member and us and confirmed in writing.

General information

Change of address
You must call or write to tell us if you change your address or you stop (or any of your dependants stop) being resident in the UK. Please note that if we do not have the correct address for you, and we are unable to confirm your correct address after using reasonable efforts to do so, then we will cancel your policy at renewal as we will not be able to confirm that you still require cover.

Correspondence and documents
Membership documents are sent to the main member. However, a confirmation of special conditions will be sent, for anyone to whom a special condition applies, to the main member or to the dependant when they are aged 16 or over.

All claims correspondence is sent to the main member, or to the dependant having the treatment when they are aged 16 and over.

When you send documents to us, we cannot return original documents to you. However, we will send you copies if you ask us to do so at the time you give us the documents.

Letters between us must be sent with the postage costs paid before posting. We can each assume that the letter will be received three days after posting.

Bupa digital account
When you or any dependant over 16 provides us with an email address, we will invite you or your dependant by email to create a Bupa digital account.

Claiming

Step-by-step guide to making a claim

Being referred for treatment
Your consultation or treatment must follow an initial referral by:
- our Direct Access service,
- a GP (including via a digital GP service), or
- another healthcare practitioner. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals

Step 1 Find out if the Direct Access service is available to you

It’s available for certain medical conditions and has two parts to it:
- first you can contact us directly without consulting a GP for a remote assessment with a trained advisor, therapist, mental health and wellbeing therapist or other clinician who specialises in your condition. This may lead to a referral for a consultation or treatment
- second, if you already have a GP referral, you may also be offered the option to speak to a therapist, practitioner or other clinician who specialises in your condition to explore all of your treatment options.

For details about cover for the Direct Access service and how it works please see the Benefits section in this guide under the heading ‘Direct Access service’.

Step 2 If Direct Access is not available (or if you prefer) – consult a GP for an open referral

Sometimes, when you have had a consultation with another healthcare practitioner before consulting a GP and they believe referral to a consultant is appropriate, a GP appointment may not be clinically necessary. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals or you can call us.

A GP will assess if you need to go to see a consultant. If they decide that you do and:
- your benefits include cover for out-patient consultations and therapies before hospital treatment, ask the GP for an ‘open referral’ (unless a paediatric referral is required – see below). This allows us to offer you a choice of nearby recognised practitioners covered under your policy. Some GPs may prefer to give a ‘named referral’ to a certain consultant, however, you should call us before you make an appointment to confirm that we recognise them under your cover, to avoid your being liable to pay
Your **benefits** do not cover **out-patient** consultations or therapies before private **day-patient treatment** or **in-patient treatment** has taken place. You will need to choose whether to pay for a private **out-patient consultation** or therapy yourself or use the **NHS**. If you decide to pay yourself, call **us** and we can talk through your options. **We** will help you find a **recognised practitioner** covered under your **benefits** in case you go on to need **treatment** covered by your policy.

### Step 3 Contact us

Call the number on your **membership certificate** and we will talk you through your options. Alternatively, you can contact **us** via our webchat service or complete the online request for treatment form.

**We** will explain which nearby **consultants**, facilities and healthcare professionals are covered under your **Bupa** membership and provide you with a pre-authorisation number so your healthcare provider can send the bill directly to **us**.

If your **consultant** recommends further tests or **treatment**, it’s important you check back with **us** to obtain further pre-authorisation.

**We** strongly advise you to call **us** before arranging or receiving any **treatment** to pre-authorise it, as you will be responsible for paying any fees or charges that are not covered under your **benefits**.

---

## Information about cover for children aged 17 or under

It is not always possible for **us** to find you a paediatric **consultant** so when a paediatric referral is required, **we** ask that you obtain a named referral from a **GP**.

Some private hospitals do not provide services for children or have restricted services available for children, so **treatment** may be offered at an **NHS** hospital. You can ask **us** about **recognised facilities** where paediatric services are available or you can find them on [finder.bupa.co.uk](http://finder.bupa.co.uk)

Where **in-patient** or **day-patient eligible treatment** is required, children are likely to be treated in a general children’s ward. This is in line with good paediatric practice.

## Claims checklist

**What you will need to make a claim**

To help **us** to make the claims process as simple and swift as possible, please have the following information close to hand when you contact **us** to make a claim:

- your **Bupa** membership number
- details of the condition you are suffering from
- details of when your symptoms first began
- details of when you first consulted a **GP** about your condition
- details of the **treatment** that has been recommended.

A Information on claiming

A1 Claims other than Cash benefits

If you are a moratorium member

When you joined the scheme as a moratorium member you agreed you would not be covered for treatment of any moratorium conditions. Each time you make a claim you must provide us with information so we can confirm whether your proposed treatment is covered under your benefits.

Before you arrange any consultation or treatment call us and we will send you a pre-treatment form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for. Your GP or consultant may charge you a fee for providing a report, which we do not pay. Each claim you make during your membership will be assessed on this information and any further information we ask you to provide to us at the time you claim.

Once we receive all the information we ask you for we will:

- confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities available to you
- confirm the level of benefits available to you, and
- if you wish to make a claim, tell you whether you will need to complete a claim form.

If you do not need to complete a claim form, we will treat your submission of your pre-treatment form to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form, you will need to return the fully completed claim form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.

If you are an underwritten member

When you call us, we will:

- confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities available to you
- confirm the level of benefits available to you, and
- if you wish to make a claim, tell you whether you will need to complete a claim form.

If you do not need to complete a claim form, we will treat your call to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form, you will need to return the fully completed claim form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.

Claims for Benefit 11 Nursing home benefit

Please see Benefit 11 in the ‘Benefits’ section for how to make a claim for Benefit 11.
Claims for Benefit 13 Free Bupa health assessment
If you have cover for a free Bupa health assessment under benefit 13, you can claim your free Bupa health assessment by calling Bupa Health Clinics on 0345 604 0612**.

Case management
If we believe you are having eligible treatment that could benefit from our case management support we will provide a case manager to help you navigate through your healthcare experience. Your case manager will contact you by phone and will work with you to understand your individual needs and the best way to help you. This can include discussing options available to you, liaising with healthcare professionals and helping you get the most from your policy.

A2 Claims for Cash benefits
If you are a moratorium member
- Call the helpline and we will send you a form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for. Your GP or consultant may charge you a fee for providing a report which we do not pay. Each claim you make while you are a moratorium member will be assessed on this information and any further information we ask you to provide to us at the time you claim.
- Once we receive all the information we ask you for we will:
  - confirm whether your treatment will be eligible for cash benefit and if so the level of benefits available to you, and
  - if required, send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible.

If you are an underwritten member
Call the helpline and we will:
- confirm whether your treatment will be eligible for cash benefit and if so the level of benefits available to you, and
- if required, send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible.

A3 Treatment needed because of someone else’s fault
When you claim for treatment you need because of an injury or medical condition that was caused by or was the fault of someone else (a ‘third party’) it is your responsibility to notify us as soon as reasonably possible and ensure our interests are protected in any legal action required so that we are able to recover any costs that we have paid for your treatment. This includes:
- notifying us as soon as you become aware that you require (or may require) treatment that was caused by or was otherwise the fault of a third party. You can contact us with this information on 0800 028 6850* or email infothirdparty@bupa.com#

*We may record or monitor our calls.
**Lines are open 8am to 6pm Monday to Friday. We may record or monitor our calls.
#If you need to send us sensitive information you can email us securely using Egress. For more information and to sign up for a free Egress account, go to https://switch.egress.com. You will not be charged for sending secure emails to a Bupa email address using the Egress service.
- taking steps we ask of you to recover from the third party the cost of the treatment paid for by us. This includes ensuring that we are able to liaise with you and your legal representative (if you appoint one) in relation to this and that you or your legal representative regularly keep us updated as to progress with any recovery action
- ensuring that where you agree settlement with a third party, the settlement includes the cost of treatment that we have paid for you in full, and that you pay such sum (and applicable interest) to us as soon as reasonably possible.

A4 Other insurance cover
You can only claim for eligible private medical costs once. This means if you have two policies that provide private medical cover, the cost of your treatment may be split between Bupa and the other insurance company. You will be asked to provide us with full details of any other relevant insurance policy at the time of claim.

B How we will deal with your claim

B1 General information
When we have determined that your treatment is eligible treatment, we will discuss your claim with you and issue you with a ‘pre-authorisation number’ confirming the treatment is eligible under your current cover.

You can then contact your consultant or healthcare professional to arrange an appointment. We recommend that you give them your ‘pre-authorisation number’ so the invoice for your treatment costs can be sent to us direct.

Please note: If your cover ends for any reason we will not pay for any treatment that takes place on or after the date your cover ends – even if we have pre-authorised the treatment.

Except for NHS cash benefit, we only pay eligible costs and expenses actually incurred by you for treatment you receive.

We do not have to pay a claim if you or a dependant break any of the terms and conditions of your or their membership, which are related to the claim. If there is reasonable evidence that you or a dependant did not take reasonable care in answering our questions (by this we mean giving false information or keeping necessary information from us) then if this was:
- intentional, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims
- careless, then depending on what we would have done if you or they had answered our questions correctly, we may treat your or (if applicable) your dependant’s cover as if it never existed and refuse to pay all claims (in which case you may need to repay any claims we have paid and we will return any subscriptions you have paid in respect of your or (if applicable) your dependant’s cover), change your or their cover, or we could reduce any claim payment.

Unless we tell you otherwise, your claim form and proof to support your claim must be sent to us.
B2 Providing us with information
You will need to provide us with information to help us assess your claim if we make a reasonable request for you to do so. For example, we may ask you for one or more of the following:

- medical reports and other information about the treatment for which you are claiming
- the results of any independent medical examination which we may ask you to undergo at our expense
- original accounts and invoices in connection with your claim (including any related to treatment costs covered by your excess or co-insurance – if any). We cannot accept photocopies of accounts or invoices or originals that have had alterations made to them.

If you do not provide us with any information we reasonably ask you for we will be unable to assess your claim.

Medical reports – when we need more information from your doctor
When we need to ask your doctor for more information in writing about your consultation, tests or treatment for insurance purposes, we will need your permission. The Access to Medical Reports Act 1988 or the Access to Personal Files and Medical Reports (NI) Order 1991 give you certain rights, which are:

1. you can give permission for your doctor to send us a medical report without asking to see it before they send it to us
2. you can give permission for your doctor to send us a medical report and ask to see it before they send it to us
   - you will have 21 days from the date we ask your doctor for your medical report to contact them and arrange to see it
   - if you do not contact your doctor within 21 days we will ask them to send the report straight to us
   - you can ask your doctor to change the report if you think it is inaccurate or misleading. If they refuse, you can insist on adding your own comments to the report before they send it to us
   - once you have seen the report, it will not be sent to us unless you give your doctor permission to do so.
3. you can withhold your permission for your doctor to send us a medical report. If you do, we will be unable to see whether the consultation, test or treatment is covered by your policy, and we will not be able to give you a pre-authorisation number or confirm whether we can contribute to the costs.

In any event you also have the right to ask your doctor to let you see a copy of your medical report within six months of it being sent to us.

Your doctor can withhold some or all the information in the report if, in their view, the information:

- might cause physical or mental harm to you or someone else, or
- it would reveal someone else’s identity without their permission (unless the person is a healthcare professional and the information is about your care provided by that person).
We may be able to pay towards the cost of a medical report. We will let you know when we ask for your permission to request the report from your doctor. If we can pay towards it, you will need to pay any remaining amount.

B3 How we pay your claim
Claims other than cash benefits: for treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment direct – such as the treatment facility or consultant – or whichever other person or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to tell the main member or dependant having treatment (when aged 16 and over) when there is an amount for them to pay in relation to any claim (for example if they have an excess amount to pay) and who payment should be made to (for example their consultant or treatment facility).

Claims for cash benefits: we pay eligible claims to the main member.

C If you want to withdraw a claim
If, for any reason, you wish to withdraw your claim for the costs of treatment you have received, you should call the helpline to tell us as soon as possible. You will be unable to withdraw your claim if we have already paid your claim.

If you do withdraw your claim you will be responsible for paying the costs of that treatment.

D Treatment costs outside the terms of your cover
When you receive private medical treatment you have a contract with the providers of your treatment. Any costs that are not covered under your benefits you are responsible for paying.

E If you have an excess or co-insurance
You may have agreed with us that either an excess or co-insurance shall apply to your benefits. Your membership certificate shows if one does apply and if so:

- the amount
- who it applies to
- what type of treatment it is applied to, and
- the period for which the excess or co-insurance will apply.

Some further details of how an excess or co-insurance works are set out below and should be read together with your membership certificate.

If you are unsure whether an excess or co-insurance does apply to you please refer to your membership certificate or contact the helpline.

E1 How an excess or co-insurance works
Having an excess or co-insurance means that you have to pay part of any eligible treatment costs that would otherwise be paid by us up to the amount of your excess or co-insurance. By eligible treatment costs we mean costs that would have been payable under your benefits if you had not had an excess or co-insurance. Costs you incur for treatment that are not payable under your benefits do not count towards your excess.
If your excess or co-insurance applies each year it starts at the beginning of each year even if your treatment is ongoing. So, your excess or co-insurance could apply twice to a single course of treatment if your treatment begins in one year and continues into the next year.

We will write to the main member or dependant having treatment (when aged 16 and over) to tell them who to pay their excess or co-insurance to, for example, their consultant, therapist or treatment facility. The excess or co-insurance must be paid direct to them – not to Bupa.

You should always make a claim for eligible treatment costs even if we will not pay the claim because of your excess or co-insurance. Otherwise the amount will not be counted towards your excess or co-insurance and you may lose out should you need to claim again.

E2 How the excess or co-insurance applies to your benefits
Unless we say otherwise on your membership certificate:
- we apply the excess or co-insurance to your claims in the order in which we process those claims
- when you claim for eligible treatment costs under a benefit that has a benefit limit your excess or co-insurance amount will count towards your total benefit limit for that benefit – see the example on the next page
- the excess or co-insurance does not apply to cash benefits.

Excess and co-insurance examples
The following are examples only. You should check your membership certificate to see how your excess or co-insurance applies to you and your benefits.

Example of how an annual excess works: this is an example only and assumes that all costs are eligible treatment costs and:
- an excess of £100 a year
- an out-patient benefit limit of £500 a year.

Example of how a co-insurance works: this is an example only and assumes that all costs are eligible treatment costs and:
- a co-insurance of 20% up to a maximum of £500 each year
- an out-patient benefit limit of £500 a year.

| Example |

Benefits

This section explains the type of charges we pay for eligible treatment subject to your medical condition, the type of treatment you need and your chosen medical practitioners and/or treatment facility all being eligible under your benefits.

Notes on benefits

The following notes apply equally to all the benefits and should be read together with those benefits.

Restrictions and/or limitations to benefits

Your cover may be limited or restricted through one or more of the following:

- If you and/or your dependants are a moratorium member
- If you and/or your dependants are an underwritten member: it is important that you complete and send us the application form for you and/or for your dependants if your membership certificate states that we require your medical history. Until you have completed this we won’t be able to confirm exactly what your policy covers you and/or your dependants for, meaning your claims might take longer for us to process or you might not be eligible to claim for treatment you need
- Benefit limits: these are limits on the amounts we will pay and/or restrictions on the cover you have under your benefits. Your membership certificate shows the benefit limits and/or restrictions that apply to your benefits
- For members on EssentialCare, Local HospitalCare, Senior EssentialCare, EmployeeChoice Essential, Health care Select 3 and 4: out-patient consultations or therapies are only covered when they follow on from, and are related to, your private day-patient treatment or in-patient treatment and they take place within six months of the discharge date of that treatment
- Excess or co-insurance: these are explained in rule E in the section ‘Claiming’. Your membership certificate shows if an excess or co-insurance applies to your benefits. If one does apply, your benefit limits shown on your membership certificate will be subject to your excess or co-insurance
- Waiting periods: waiting periods apply to certain benefits and certain exceptions as set out in this membership guide. Your membership certificate shows if waiting periods apply to your benefits and if so how long your waiting periods are
- Exclusions apply to your cover: the general exclusions are set out in the section ‘What is not covered’. Some exclusions also apply in this section and there may also be exclusions on your membership certificate and any confirmation of special conditions we send for anyone to whom a special condition applies.

Being referred for treatment

Your consultation or treatment must follow an initial referral by:

- our Direct Access service. For details about cover for Direct Access and how it works see the section ‘Direct Access service’
- a GP (including via a digital GP service), or
- another healthcare practitioner. The situations in which we will accept such a referral are set out on bupa.co.uk/referrals
Direct Access service

Our Direct Access service applies only to certain medical conditions and has two parts to it:

- first, it can help provide a fast and convenient way for you to access eligible treatment without the need for a GP referral, and
- second, if you already have a GP referral, you may be offered the option to speak to a therapist, practitioner or other clinician who specialises in your condition to explore all of your treatment options.

Age limits apply to who can use the service. Further details about the Direct Access service, including the age limits that apply, can be found on bupa.co.uk/direct-access or you can contact us.

Please note:

- if you are an underwritten member, you have access to the Direct Access service. If the Direct Access service refers you for a consultation or treatment and you want to make a claim you may need to provide us with certain information to establish that your condition is not a pre-existing condition (please see ‘B2 Providing us with information’ in the ‘Claiming’ section of this guide for full details)
- if you are a moratorium member, you have access to the Direct Access service. If the Direct Access service refers you for a consultation or treatment and you want to make a claim you will need to follow the standard process for claiming to establish that your condition is not a moratorium condition (please see ‘If you are a moratorium member’ under A1 in the Claiming section of this guide for full details)
- you can use the Direct Access service when your medical condition is not covered by your benefits. For example, if you have a special condition or general exclusion the Direct Access service will still be available to you for a remote assessment. Any out-patient consultations, therapies or treatment that is recommended by the Direct Access for those conditions service would not be covered under your benefits
- if your benefits do not cover out-patient consultations and therapies before hospital treatment, you can still use the Direct Access service but any out-patient consultations or therapies the Direct Access service may refer you for would not be covered under your benefits
- if benefit limits apply to your benefits for out-patient consultations and therapies and you have used all the out-patient benefits available to you for the year you can still use the Direct Access service but any out-patient consultations or therapies you are referred for would not be covered under your benefits.

The charge for any remote assessments required as part of our Direct Access service will not:

- erode your out-patient benefit limit if you have one, nor
- be subject to your excess or co-insurance if they apply to your cover.

If you go on to receive and claim for eligible treatment following referral by our Direct Access service, that treatment will be treated as a normal claim under your cover.
**Bupa recognised medical practitioners and recognised facilities**

You are only covered for *eligible treatment*. Please see the glossary section for what *we* mean by *eligible treatment*.

Your cover for *eligible treatment* costs depends on you using certain Bupa recognised medical and other health practitioners and *recognised facilities*.

**Please note:**

- the medical practitioners, other healthcare professionals and *recognised facilities* you use can affect the level of *benefits we* pay you
- certain medical practitioners, other healthcare professionals and *recognised facilities* that *we* recognise may only be recognised by *us* for certain types of *treatment* or treating certain medical conditions or certain levels of *benefits*
- the medical practitioners, other healthcare professionals and *recognised facilities* that *we* recognise and the type of medical condition and/or type of *treatment* and/or level of benefit that *we* recognise them for will change from time to time.

Your *treatment* costs are only covered when:

- the person who has overall responsibility for your *treatment* is a *consultant*. If the person who has overall responsibility for your *treatment* is not a *consultant* then none of your *treatment* costs are covered – the only exception to this is where a GP or *our* Direct Access service refers you for *out-patient treatment* by a *therapist*, *complementary medicine practitioner* or *mental health and wellbeing therapist*
- the medical practitioner or other healthcare professional and the *recognised facility* are recognised by *us* for treating the medical condition you have and for providing the type of *treatment* you need.

**Changes to lists**

Where *we* refer to a list that *we* can change, it will be for one or more of the following reasons:

- where *we* are required to by any industry code, law or regulation
- where a contract ends or is amended by a third party for any reason
- where *we* elect to terminate or amend a contract, for example because of quality concerns or changes in the provision of facilities and/or specialist services
- where the geographic balance of the service *we* provide is to be maintained
- where effectiveness and/or costs are no longer in line with similar treatments or services, or accepted standards of medical practice, or
- where a new service, *treatment* or facility is available.

The lists that these criteria are applied to include the following:

- advanced therapies
- appliances
- consultant fees schedule
- critical care units
- fee-assured consultants
- medical treatment providers
- prostheses
- recognised facilities
- recognised practitioners
- schedule of procedures
- specialist drugs.
Please note that we cannot guarantee the availability of any facility, practitioner or treatment.

**Reasonable and customary charges**

*We* only pay reasonable and customary charges for eligible treatment performed by recognised practitioners in the recognised facility available under your cover. This means that the amount we will pay medical practitioners, other healthcare professionals and/or treatment facilities for eligible treatment will be in line with what the majority of our members are charged for similar treatment or services. If you see a consultant who does not charge within our benefit limits without prior approval from us, we will fund up to the limits in our consultant fees schedule. The schedule will change from time to time. Details of the schedule can be found at bupa.co.uk/codes.

If there is another proven treatment for your condition which is available in the UK, that is more costly than the treatment that the majority of our members receive and does not provide a better clinical outcome, we will fund what the majority of our members are charged for similar treatment or services.

**What you are covered for**

**Finding out what is wrong and being treated as an out-patient**

**Important:** For members on EssentialCare, Local HospitalCare, Senior EssentialCare, EmployeeChoice Essential, Health care Select 3 and 4. If your treatment does include an eligible surgical operation we only pay consultant physicians’ fees if the attendance of a physician is medically necessary because of your eligible surgical operation.

If your benefits include cover for cancer treatment and your treatment does include eligible cancer treatment we only pay consultant physicians’ fees if the attendance of a consultant physician is medically necessary because of your eligible cancer treatment, for example if you develop an infection that requires in-patient treatment, or for the supervision of chemotherapy or radiotherapy.

Benefit 3 Recognised facility charges
This benefit 3 explains the type of facility charges we pay for eligible treatment. The benefits you are covered for, including your facility access and the amount we pay are shown on your membership certificate. You are not covered for any benefits that are either shown on your membership certificate as ‘not covered’ or do not appear on your membership certificate.

Important: the recognised facility that you use for your eligible treatment must be recognised by us for treating both the medical condition you have and the type of treatment you need otherwise benefits may be restricted or not payable.
benefit 3.1 out-patient surgical operations
We pay recognised facility charges for eligible surgical operations carried out as out-patient treatment. We pay for theatre use, including equipment, common drugs, advanced therapies, specialist drugs and surgical dressings used during the surgical operation.

benefit 3.2 day-patient and in-patient treatment
We pay recognised facility charges for day-patient treatment and in-patient treatment, and the charges we pay for are set out in 3.2.1 to 3.2.7.

Using a non-recognised facility
If for medical reasons your proposed day-patient treatment or in-patient treatment cannot take place in a recognised facility we may agree to your treatment being carried out in a treatment facility that is not a recognised facility. We need full clinical details from your consultant before we can give our decision. If we do agree, we pay benefits for the treatment as if the treatment facility had been a recognised facility. When you contact us we will check your cover and help you to find a suitable alternative treatment facility that is recognised by Bupa.

benefit 3.2.1 accommodation
We pay for your recognised facility accommodation including your own meals and refreshments while you are receiving your treatment.

We do not pay for personal items such as telephone calls, newspapers, guest meals and refreshments or personal laundry.

benefit 3.2.3 theatre charges, nursing care, drugs and surgical dressings
We pay for use of the operating theatre and for nursing care, common drugs, advanced therapies, specialist drugs and surgical dressings when needed as an essential part of your day-patient treatment or in-patient treatment.

We do not pay for extra nursing services in addition to those that the recognised facility would usually provide as part of normal patient care without making any extra charge.

Please also see ‘Exclusion 14 Drugs and dressings for out-patient or take-home use and complementary and alternative products’ in the section ‘What is not covered’.

benefit 3.2.4 intensive care
We pay for intensive care when needed as an essential part of your eligible treatment if all the following conditions are met:

- the intensive care is required routinely by patients undergoing the same type of treatment as yours, and
- you are receiving private eligible treatment in a recognised facility equipped with a critical care unit, and
- the intensive care is carried out in the critical care unit, and
- it follows your planned admission to the recognised facility for private eligible treatment.

If you are receiving private eligible treatment which does not routinely require intensive care as part of that eligible treatment and unforeseen circumstances arise that require intensive care, we will only pay for the intensive care if you are receiving your private eligible treatment in a recognised facility and either:

- the recognised facility is equipped with a critical care unit, and your intensive care is carried out in that critical care unit, or
- the recognised facility is not equipped with a critical care unit but has a prior agreement with us to follow an emergency protocol agreed with another recognised facility that is equipped with a critical care unit, which is either adjacent or is part of the same group of companies, and you are transferred under that prior emergency protocol and your intensive care is carried out in that critical care unit,

in which case your consultant or recognised facility should contact us at the earliest opportunity.

If you want to transfer your care from an NHS hospital, or a self-funded stay, to a private recognised facility for eligible treatment, we only pay if all the following conditions are met:

- you have been discharged from a critical care unit to a general ward for more than 24 hours, and
- it is agreed by both your referring and receiving consultants that it is clinically safe and appropriate to transfer your care, and
- we have confirmed that your treatment is eligible under your benefits.

However, we need full clinical details from your consultant before we can make our decision.

Please remember that any treatment costs you incur that are not eligible under your benefits are your responsibility.

Please also see ‘Exclusion 19 Intensive care (other than routinely needed after private day-patient treatment or in-patient treatment)’ and ‘Exclusion 2 Accident & emergency treatment’ in the section ‘What is not covered’.
benefit 3.2.5 diagnostic tests and MRI, CT and PET scans

- MRI scans (magnetic resonance imaging)
- CT scans (computed tomography), and
- PET scans (positron emission tomography).

benefit 3.2.6 therapies
We pay recognised facility charges for eligible treatment provided by therapists when needed as part of your day-patient treatment or in-patient treatment.

benefit 3.2.7 prostheses and appliances
We pay recognised facility charges for prostheses or appliances needed as part of your day-patient treatment or in-patient treatment.

We do not pay for any further treatment which is associated with or related to prostheses or appliances such as maintenance, refitting or replacement when you do not have acute symptoms that are directly related to that prosthesis or appliance.

- another healthcare practitioner as explained in ‘Being referred for treatment’, in the ‘Notes on benefits’ section.
We pay for remote consultations by telephone or via any other remote medium with a consultant if the consultant is, at the time of your treatment, recognised by us to carry out remote consultations. Benefit 6 Treatment at home

You are only covered for this benefit if your membership certificate shows it is covered.

This benefit applies when you receive eligible treatment at home where this would otherwise require in-patient treatment or day-patient treatment or chemotherapy as an out-patient. We will only consider treatment at home if all the following apply:

- your consultant has recommended that you receive the treatment at home and remains in overall charge of your treatment
- if you did not have the treatment at home then, for medical reasons, you would need to receive in-patient treatment or day-patient treatment or chemotherapy as an out-patient and
- the treatment is provided to you by a medical treatment provider.

Before your treatment at home starts you must have our confirmation that the above criteria have been met and we need full details from your consultant before we can determine this.

We do not pay for any fees or charges for treatment at home that has not been provided to you by the medical treatment provider. You are covered on the same basis as set out in benefits 2 and 3. This benefit does not apply to out-patient treatment which takes place at home as explained in benefit 1.
Benefit 7 Home nursing after private eligible in-patient treatment
If this benefit does not appear on your membership certificate then you do not have cover for this benefit.

- is necessary, ie without it you would have to remain in the recognised facility
- starts immediately after you leave the recognised facility

We only pay if the nursing home stay:

- is on the recommendation of your consultant
- is needed for medical reasons, ie not domestic or social reasons
- is necessary, ie without it you would have to remain in the recognised facility, and
- starts immediately after you leave the recognised facility.
You will need our written agreement that the above criteria have been met before your move to the nursing home takes place and we need full clinical details from your consultant before we can give our decision. By a ‘nursing’ home we mean a care home regulated by the Care Quality Commission (CQC) in England, Healthcare Inspectorate Wales, Healthcare Improvement Scotland or the Regulation and Quality Improvement Authority in Northern Ireland. What is not covered

This section explains the treatment, services and charges that are not covered. The exclusions are grouped under headings. The headings are just signposts, they are not part of the exclusion. If there is an exception to an exclusion this is shown. In the exceptions where, as an example, we refer to specific treatments or medical conditions these are examples only and not evidence that it is covered under your benefits.

This section does not contain all the limits and exclusions to cover. For example the benefits set out in the section ‘Benefits’ also describe some limitations and restrictions for particular types of treatment, services and charges. There may also be some exclusions on your membership certificate and any confirmation of special conditions we send for anyone to whom a special condition applies.

Exclusion 1 Ageing, menopause and puberty
We do not pay for treatment to relieve symptoms commonly associated with any bodily change arising from any physiological or natural cause such as ageing, menopause or puberty and which is not due to any underlying disease, illness or injury. For example, we do not pay for the treatment of acne arising from natural hormonal changes.

Exception: We pay for eligible treatment of an acute condition that you develop during menopause, such as heavy bleeding (menorrhagia) or urinary incontinence subject to the other policy terms.

Exclusion 2 Accident and emergency treatment
We do not pay for any treatment, including immediate care, received during a visit to an NHS or private accident and emergency (A&E) department, urgent care centre or walk in clinic.

We also do not pay for any treatment received following an admission via an NHS or private A&E department, urgent care centre or walk-in clinic until after you are referred by a consultant for eligible treatment in a recognised facility. In these circumstances, before you receive any treatment, you should contact us as soon as reasonably possible to confirm whether your treatment is covered under your benefits as you are responsible for any costs you incur that are not covered under your benefits.

Please also see ‘benefit 3.2.4 intensive care’ in the section ‘Benefits’ and ‘Exclusion 19 Intensive care (other than routinely needed after private day-patient or in-patient treatment)’ in this section.

Exclusion 3 Allergies, allergic disorders or food intolerances
We do not pay for treatment:

- to de-sensitise or neutralise any allergic condition or disorder, or
- of any food intolerance.

Once a diagnosis of an allergic condition or disorder or food intolerance has been confirmed we do not pay for any further treatment, including diagnostic tests, to identify the precise allergen(s) or foodstuff(s) involved – this means, for example, if you are diagnosed with a tree nut allergy we will not pay for further investigations into which specific nut(s) you are allergic to.
Exclusion 4 Benefits that are not covered and/or are above your benefit limits

We do not pay for any treatment, services or charges that are not covered under your benefits. These include, for example, personal travel and/or accommodation costs which are not expressly set out in your benefits. We also do not pay for any treatment costs in excess of the amounts for which you are covered under your benefits.

Exclusion 5 Birth control, conception and sexual problems

We do not pay for treatment:
- for any type of contraception, sterilisation, termination of pregnancy
- for any type of sexual problems (including impotence, whatever the cause)
- for any type of assisted reproduction (eg IVF investigations or treatment), surrogacy, the harvesting of donor eggs or donor insemination
- where it relates solely to the treatment of infertility

or treatment for or arising from any of these.

Please also see ‘Pregnancy and childbirth’ in this section.

Exclusion 6 Chronic conditions

We do not pay for treatment of chronic conditions. By this, we mean a disease, illness or injury which has at least one of the following characteristics:
- it needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- it needs ongoing or long-term control or relief of symptoms
- it requires your rehabilitation or for you to be specially trained to cope with it
- it continues indefinitely
- it has no known cure
- it comes back or is likely to come back.

Exception: We pay for eligible treatment arising out of a chronic condition, or for treatment of unexpected acute symptoms of a chronic condition that flare up. However, we only pay if the treatment is likely to lead quickly to a complete recovery or to you being restored fully to your previous state of health, without you having to receive prolonged treatment. For example, we pay for treatment following a heart attack arising out of chronic heart disease. We do not pay for treatment required due to the expected deterioration or flare up of a chronic condition. This includes conditions which have a relapsing-remitting nature and require management of recurrent flare-ups, for example, inflammatory bowel disease. In such cases, the flare-ups are an expected part of the normal course of the illness and therefore we do not consider them as acute complications of the disease.

Please note: in some cases it might not be clear, at the time of treatment, that the disease, illness or injury being treated is a chronic condition. We are not obliged to pay the ongoing costs of continuing, or similar, treatment. This is the case even where we have previously paid for this type of or similar treatment. When you are receiving in-patient treatment, in making our decision on whether your condition is, or has become, a chronic condition, we will consider the period of days during which there has been no change in your clinical condition or change in your treatment.

We do not consider cancer as a chronic condition. We explain what we pay for eligible treatment of cancer in Benefit 4 Cancer treatment in the ‘Benefits’ section of this guide.
We do not consider a mental health condition as a chronic condition. We explain what we pay for eligible treatment of mental health conditions in Benefit 5 Mental health treatment in the ‘Benefits’ section of this guide.

Please also see ‘Temporary relief of symptoms’ in this section.

Exclusion 7 Complications from excluded conditions/treatment and experimental treatment
We do not pay any treatment costs, including any increased treatment costs, you incur because of complications caused by a disease, illness, injury or treatment for which cover has been excluded or restricted from your membership. For example, if cover for diabetes is excluded by a special condition and you have to spend any extra days in hospital or a treatment facility after an operation because you have diabetes, we would not pay for these extra days.

We do not pay any treatment costs you incur because of any complications arising or resulting from experimental treatment that you receive or for any subsequent treatment you may need as a result of you undergoing any experimental treatment.

Exclusion 8 Contamination, wars, riots and terrorist acts
We do not pay for treatment for any condition arising directly or indirectly from:

- war, riots, terrorist acts, civil disturbances, acts against any foreign hostility whether war has been declared or not, or any similar cause
- chemical, biological, radioactive or nuclear contamination, including the combustion of chemicals or nuclear fuel, or any similar event.

Exception: We pay for eligible treatment that is required as a result of a terrorist act providing that the act does not cause chemical, biological, radioactive or nuclear contamination.

Exclusion 9 Convalescence, rehabilitation and general nursing care
We do not pay for recognised facility accommodation if it is primarily used for any of the following purposes:

- convalescence, rehabilitation, supervision or any purpose other than receiving eligible treatment
- receiving general nursing care or any other services which could have been provided in a nursing home or in any other establishment which is not a recognised facility
- receiving services from a therapist, complementary medicine practitioner or mental health and wellbeing therapist.

This does not apply to addiction treatment programmes if they are covered by your policy under Benefit 5 Mental Health treatment.

Exclusion 10 Cosmetic, reconstructive or weight loss treatment
We do not pay for treatment to change your appearance, such as a remodelled nose or facelift whether or not it is needed for medical or psychological reasons.

We do not pay for breast enlargement or reduction or any other treatment or procedure to change the shape or appearance of your breast(s) whether or not it is needed for medical or psychological reasons, for example, for backache or gynaecomastia (which is the enlargement of breasts in males).
We do not pay for any treatment, including surgery,
- which is for or involves the removal of healthy tissue (i.e., tissue which is not diseased), or the removal of surplus or fat tissue, or
- where the intention of the treatment, whether directly or indirectly, is the reduction or removal of surplus or fat tissue including weight loss (for example, surgery related to obesity including morbid obesity)

whether or not the treatment is needed for medical or psychological reasons.

We do not pay for treatment of keloid scars. We also do not pay for scar revision.

Exception 1: We pay for eligible treatment for an excision of a lesion if any of the following criteria are met:
- a biopsy or clinical appearance indicates that disease is present
- the lesion obstructs one of your special senses (vision/smell/hearing) or causes pressure on other organs
- the lesion stops you from performing the activities of daily living.

Before any treatment starts you must have our confirmation that one of the above criteria has been met and we need full clinical details from your consultant before we can determine this.

Exception 2: We pay for eligible surgical operations to restore the appearance of the specific part of your body that has been affected:
- by an accident, or
- if your benefits include cover for cancer treatment, as a direct result of surgery for cancer, or eligible prophylactic surgery (as explained in Exclusion 25 Screening, monitoring and preventive treatment under Exception 1).

Eligible surgical operations to restore appearance include those for the purposes of symmetry (e.g., surgery to a healthy breast to make it match a breast reconstructed following cancer surgery). Once the initial eligible treatment to restore your appearance is complete (including delayed surgery, such as delayed breast reconstructions) we do not pay for repeat surgeries or reconstructions, or further treatment to restore or amend your appearance.

We only pay if both of the following apply:
- it is part of the original eligible treatment resulting from the accident, cancer surgery or prophylactic surgery, (as explained in under Exclusion 25 Screening, monitoring and preventive treatment under Exception 1)
- the accident, cancer surgery or the prophylactic surgery took place during your current continuous period under a Bupa scheme that includes benefits for this type of treatment
  - the current continuous period may include being a member of another Bupa scheme and/or a beneficiary of a trust administered by Bupa, as long as there has been no break in your cover.

Before any treatment starts you must have our confirmation that the above criteria have been met and we need full clinical details from your consultant before we can determine this. We do not pay for more than the one course/one set of surgical operations or for repeat cosmetic procedures.

Please also see ‘Screening, monitoring and preventive treatment’ in this section.

  - evidence that the drug treatment has published phase III clinical trial results showing that it is safe and effective for your condition.

However, there are some special conditions which *we* do not review. If you would like us to consider a review of your special conditions please call the helpline prior to your renewal date. *We* will only determine whether a special condition can be removed or not, once we have received full current clinical details from your GP or consultant. Information about us
In this privacy notice, references to ‘we’, ‘us’ or ‘our’ are to Bupa. Bupa is registered with the Information Commissioner’s Office, registration number Z6831692. Bupa is made up of a number of trading companies, many of which also have their own data-protection registrations. For company contact details, visit bupa.co.uk/legal-notices

1. Scope of our privacy notice
This privacy notice applies to anyone who interacts with us about our products and services (‘you’, ‘your’), in any way (for example, email, website, phone, app and so on).

2. How we collect personal information
We collect personal information from you and from certain other organisations (those acting on your behalf, for example, brokers, health-care providers and so on). If you give us information about other people, you must make sure that they have seen a copy of this privacy notice and are comfortable with you giving us their information.

3. Categories of personal information
We process the following categories of personal information about you and, if it applies, your dependants. This is standard personal information (for example, information we use to contact you, identify you or manage our relationship with you), special categories of information (for example, health information, information about race, ethnic origin and religion that allows us to tailor your care), and information about any criminal convictions and offences (we may get this information when carrying out anti-fraud or anti-money-laundering checks, or other background screening activity).

4. Purposes and legal grounds for processing personal information
We process your personal information for the purposes set out in our full privacy notice, including to deal with our relationship with you (including for claims and handling complaints), for research and analysis, to monitor our expectations of performance (including of health providers relevant to you) and to protect our rights, property, or safety, or that of our customers, or others. The legal reason we process personal information depends on what category of personal information we process. We normally process standard personal information on the basis that it is necessary so we can perform a contract, for our or others’ legitimate interests or it is needed or allowed by law.
We process special categories of information because it is necessary for an insurance purpose, because we have your permission or as described in our full privacy notice. We may process information about your criminal convictions and offences (if any) if this is necessary to prevent or detect a crime.

5. Marketing and preferences
We may use your personal information to send you marketing by post, phone, social media, email and text. We only use your personal information to send you marketing if we have either your permission or a legitimate interest. If you don’t want to receive personalised marketing about similar products and services that we think are relevant to you, please contact us at optmeout@bupa.com or write to Bupa Data Protection, Willow House, 4 Pine Trees, Chertsey Lane, Staines-upon-Thames, Middlesex TW18 3DZ

6. Processing for profiling and automated decision-making
Like many businesses, we sometimes use automation to provide you with a quicker, better, more consistent and fair service, as well as with marketing information we think will interest you (including discounts on our products and services). This may involve evaluating information about you and, in limited cases, using technology to provide you with automatic responses or decisions. You can read more about this in our full privacy notice. You have the right to object to direct marketing and profiling relating to direct marketing. You may also have rights to object to other types of profiling and automated decision-making.

7. Sharing your information
We share your information within the Bupa group of companies, with relevant policyholders (including your employer if you are covered under a group scheme), with funders who arrange services on your behalf, those acting on your behalf (for example, brokers and other intermediaries) and with others who help us provide services to you (for example, health-care providers) or who we need information from to handle or check claims or entitlements (for example, professional associations). We also share your information in line with the law. You can read more about what information may be shared in what circumstances in our full privacy notice.

8. International transfers
We work with companies that we partner with, or that provide services to us (such as health-care providers, other Bupa companies and IT providers) that are located in, or run their services from, countries across the world. As a result, we transfer your personal information to different countries including transfers from within the UK to outside the UK, and from within the EEA (the EU member states plus Norway, Liechtenstein and Iceland) to outside the EEA, for the purposes set out in this privacy notice. We take steps to make sure that when we transfer your personal information to another country, appropriate protection is in place, in line with global data-protection laws.

9. How long we keep your personal information
We keep your personal information in line with periods we work out using the criteria shown in the full privacy notice available on our website.
10. Your rights
You have rights to have access to your information and to ask us to correct, erase and restrict use of your information. You also have rights to object to your information being used; to ask us to transfer information you have made available to us; to withdraw your permission for us to use your information; and to ask us not to make automated decisions which produce legal effects concerning you or significantly affect you. Please contact us if you would like to exercise any of your rights.

You agree to comply with all applicable **UK** legislation relating to the detection and prevention of financial crime (including, without limitation, the Bribery Act 2010 and the Proceeds of Crime Act 2002).

**Sanctions**
We will not provide cover and we shall not be liable to pay any claim or provide any benefit to the extent that such cover, payment of a claim(s) or benefits would:

- expose us to the risk of being sanctioned by any relevant authority or competent body; and/or
- expose us to the risk of being involved in conduct (either directly or indirectly) which any relevant authority, banks we transact through, or competent body would consider to be prohibited.

Where any resolutions, sanctions, laws or regulations referred to in this clause are, or become applicable, we reserve all of our rights to take all and any such actions as may be deemed necessary in our absolute discretion, to ensure that we continue to be compliant. You acknowledge that this may restrict, delay or terminate our obligations and we may not be able to pay any claim(s) in the event of a sanctions-related concern.
